The Judge specifies the outcomes of the finish positions of the Greyhounds in races and events and reports the outcomes. The Judge ensures that the race has been conducted in accordance with the Rules of Greyhound Racing. Greyhounds must be given a fair chance of competing in the event and the deciding result is final. When any occurrence is of concern to the Judge, then the Steward in Charge should be notified immediately for clarification.

SCOPE: *The scope of work provides information about the larger picture of the position – how it relates to other positions in GRV and to the broader community outside of GRV.*

Greyhound Racing Victoria (GRV) is in the business of governing, operating and promoting greyhound racing of the highest integrity to wagering operators nationally and internationally and to Victorian clubs for the enjoyment of members, wagerers and on-course race goers.

Our vision is for Greyhound Racing Victoria to become the world's most respected greyhound racing body; widely regarded for the market position and reputation we have created for greyhound racing in Victoria.

The Judge follows the specific procedures outlined by GRV. The role is to view the race from start to finish and determine the final finishing results of a race or event.

The finishing positions should be decided by the Judge when he occupies the Judge's Box at the time that the Greyhounds cross the finishing line. Where the Judge is not in the Judge's box at the time that the Greyhounds pass the finishing line, the Stewards or their nominee shall assume the role of Judge and determine the finishing positions.

There may be crossover tasks associated with the duties of the race judge and photo finish operator. In the event of electronic failure then the Judge activates the stop watch and stops when the noses of the leading Greyhounds reaches the finish line.

The Judge records and confirms the placings by reading aloud the finishing placings of the Greyhounds and confirms this with a notation or recording device. The Judge confirms any doubts with "back up" recording if available and, the Steward in Charge if necessary. The Judge will semaphore the first four placements including any margins. In the event that the margins between the Greyhounds is 0.5 length of the Greyhound or less then the Judge shall determine the finishing position by any authorized method.

The Judge also notifies TAB, and other betting providers if relevant, once the "All Clear" has been obtained from the Steward in Charge.

The Judge records the events of the race day and completes any relevant documentation related to the role while following the processes and procedures laid out by GRV and deferring to the Steward in Charge when required.
