Greyhound Racing Victoria (GRV) is the statutory authority responsible for regulating, conducting and promoting greyhound racing in Victoria, a sport that annually generates around \$400 million in economic activity and over \$2 billion in wagering and directly involves over 15,000 people.

GRV is committed to attracting, selecting and retaining the best calibre of people to achieve the highest level of performance and behavioural standards required for each position. This will help GRV to professionally regulate, conduct and promote greyhound racing and welfare in Victoria with integrity and care, and to ensure an engaging, ethical and sustainable sport.

The Project Manager will be responsible for leading a number of projects directly, while needing to oversee other initiatives, that will be managed by operational areas. Be able to work across multiple streams of work and areas of GRV including the following Departments: Animal Welfare, General Counsel, Integrity, Information Technology and the PMO.

The successful candidate must be able to work in a flexible and ever changing operating environment and provide guidance and leadership to all staff utilising an appropriately scaled project management approach. The Project Manager must have strong interpersonal skills, be collaborative and consultative with excellent stakeholder engagement and communication skills.

While we are seeking an individual who has proven program / project management expertise, the approach used must take into account the organisational appetite, with a limited level of project management maturity, so a good balance between structure and flexibility is required.
