The GRV Lure Driver operates machinery to ensure that a lure (a synthetic type of bait) runs a set distance in front of the leading greyhound to entice the greyhounds to chase after the lure.

SCOPE:

GRV Lure Drivers are responsible for lure driving on race days at the 13 Clubs across Victoria. The Lure Driver is responsible for the positioning of the lure, speed of the lure, and taking the lure away at the completion of the race.

The Lure Driver requires the lure to be positioned not less than 5 metres and no greater than 8 metres from the leading greyhound/s.
