Every Greyhound has a Story

GREYHOUND Racing Victoria and its Greyhound Adoption Program has launched the first in a series of videos bringing to life an exhibition which was showcased last year.

Every Greyhound has a Story was a photographic exhibition shown throughout Victoria in 2014/15 which featured a number of greyhounds and their owners.

The exhibition, which was a huge success, demonstrated that every dog has a unique story to tell, and involved a number of GAP volunteers, including foster carers and owners.

A video on the journey of greyhound Fred Basset, originally owned by FOX FM Radio Show Hosts and popular duo Hamish & Andy, kicked off the series this week. Fred has found his forever home with the Copley family from Bundoora and certainly has a tale to tell.

Further stories will follow to be published on GRV and GAP websites.
