More than \$3 million boost to prize money and new breeding support package

The Board of Greyhound Racing Victoria (GRV) has approved increases to minimum prize money and the introduction of a breeding sustainability support package to commence from November 15, 2017.

The total package equates to an annual increase in returns to participants comprising \$2.55m in additional prize money and up to \$1.40m available to be won in the new VICGREYS breeding excellence program to be shared between owners, trainers and breeders.

The package, which has been modified as a result of feedback received from industry stakeholders, focusses directly on increasing prize money to be shared between owners and trainers at the lower levels of racing while maintaining Metro Level 1 (Meadows Saturday night and Sandown Thursday night meetings) prizemoney at current levels.

Annual minimum prizemoney will increase by \$1.18m (an increase of 6.1 per cent) across the bottom two tiers of races at Level 2 (Provincial Full Stakes) meetings, whilst Level 3 prize money (Tier 3, Healesville, All Maiden, Rankings) will increase across the board by \$1.37m (an increase of 21.6 per cent).

The original proposal had a range of initiatives including an \$80 per runner starters' fee, however this has been removed from the package in response to feedback received from participants. Travel and Starters' Fees remain at their current levels of \$70 per trainer and an additional \$10 per starter at all meetings.

Funding tagged for the \$80 starters' fee has been reallocated in part to support the VICGREYS breeding excellence program.

Greyhound Racing Victoria CEO Alan Clayton said the changes to prize money and the new breeding support package were indicative of GRV's focus on ensuring a strong and sustainable industry for many years to come.

"These changes mean there has never been a more lucrative time to be involved in Victorian greyhound racing. The industry is headed in the right direction as shown in our recent Annual Report

and only last week we received emphatic public support from Victorian Premier Daniel Andrews and Minister for Racing Martin Pakula,” Mr Clayton said.

“The package is designed to acknowledge breeding excellence and this is for both large and small breeders.”

Prizemoney Package

The prizemoney increases are to be implemented for races held from 15 November 2017 onwards.

Level 2 – Minimum Prize Money Structure

1. increase Maidens to current Grade 5,6 & 7 level;
2. increase Grade 5,6 & 7 to current Grade 4 & Mixed 4/5 Level; and
3. remaining races remain the same as current minimums.

Level 2 (Prov. Full Stake) Min Prize Money (\$)	1st	2nd	3rd	TOTAL	CURRENT	Starters
Maidens	1,325	375	190	1,890	1,415	Avg. travel & starters per race \$420
Grade 5,6,7 & Restricted Win	1,405	400	200	2,005	1,890
