

Dr John Kohnke BVSc RDA

PROFILE

Dr John Kohnke is arguably Australia's best known horse and greyhound nutrition and health care advisor, seminar presenter and author of horse and greyhound books and articles.

Qualified with honours degrees in both Agriculture and Veterinary Science, as well as a Vietnam veteran, John has been a vet for nearly 40 years. John is interested in all facets of horse and greyhound nutrition and feeding. From humble beginnings 13 years ago, John and his wife Kaye started John Kohnke Products Pty Ltd. The Kohnke's Own® range of horse and greyhound feed supplements has grown to over 40 products which are sold in Australia and overseas. John's keen interest in, and passion for greyhounds, having owned a couple of racers himself, resulted in the Sprinter GOLD® range of 6 new and innovative greyhound products. He has presented seminars to greyhound trainers and breeders, as well as vets throughout Australia, USA and the UK.

John edits a large selection of newsletters which are published on a regular basis on the feeding, health care and common problems of horses and greyhounds. His newsletter 'Let's Talk Greyhounds' is very popular, as well of his series of booklets on the feeding and care of racing greyhounds and nutrition of the brood bitch and puppies.
