The onus is on the registered owner and/or trainer of the greyhound to notify the Club/Authority referred to above whether it is his/her intention to have that greyhound considered for the qualifying race or races where it is deemed eligible, which should be done prior to the time fixed for the normal closing of nominations for that race referred to in Clause 1.

The Club/Authority conducting the qualifying races shall in accordance with the conditions of the event as listed herein, those applicable to their Club/Authority, and such other lists or records as circulated from time to time by the State's controlling authorities, determine whether the greyhound is eligible to be drawn only after the normal closing time fixed for the particular race meeting as referred to in Clause 1.
