

CORONAVIRUS (COVID-19) PROTOCOLS VICTORIAN GREYHOUND RACING INDUSTRY

These bio-security measures protect the health of Victoria's greyhound community. They are based on advice from Victoria's Chief Health Officer and regulations issued by the Victorian and Federal Governments.

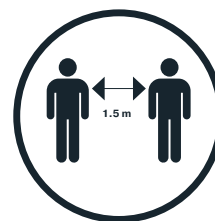

UPDATED 8/4/20

Essential Persons Only
Tracks are restricted to essential personnel only

Temperature Checks
Before admission to tracks

Good Hygiene & Social Distancing
Good hygiene and social distancing practices must be followed at all times at tracks, club houses, kennels, participant's properties and at cars and car parks while at the tracks

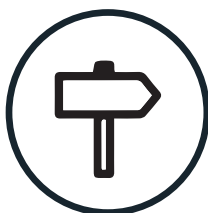

Compliance Support
Stewards monitor and address social distancing and good hygiene practices on tracks, with powers to take action against anyone not complying with requirements

Race Clubs
Race Clubs are required to ensure high hygiene levels, using and providing all appropriate cleaning materials and barrier chemicals.

Guidelines Developed
Guidelines have been provided to all trainers and their kennel staff outlining strict bio-security measures

On-Course Signage
Signage outlining required hygiene and social distancing measures are displayed at tracks

Restricted Areas
Increased security in restricted areas to ensure social distancing (e.g. kennels and stewards' rooms)

No cash transactions
All fees and payments made online or by card

Equipment
All greyhound gear must be cleaned and disinfected regularly including when interchanging who is handling the equipment

Race Day Practices Adjusted
A number of race day practices have been adjusted to ensure social distancing, including vet checks, kenneling, boxing and catching

No On-Course Hospitality
All on-course food and beverage facilities are closed
