GRV FEEDBACK OFFICE

Do you have any feedback for GRV? A complaint, a compliment or suggestion about how we could do things differently? Whether you're a participant, stakeholder or member of the community, we'd like to hear from you. GRV values all feedback as it helps us to do our job better and improves the overall conduct of the sport in Victoria.

How do I make a formal complaint or provide a suggestion or compliment?

You can do so either by letter, email, phone, fax or by using our online form at grv.org.au/feedback

Greyhound Monthly Victoria (GMV) magazine is produced by Greyhound Racing Victoria (GRV), the governing body of greyhound racing in this state.

GRV strongly encourages all Victorian greyhound racing participants - in particular breeders and trainers - to take the time to read each issue of GMV to ensure they are across relevant key issues.

Each edition of GMV aims to provide an overview of key happenings in relation to Victorian greyhound racing that occurred during the previous month, as well as promoting significant and relevant upcoming activities and events.

If you receive Greyhound Monthly Victoria via post but only read it on-line, GRV asks that you please consider the environment and notify us via email (tmaagma@grv.org.au) requesting to be removed from our mailing list. You can also request to have GMV emailed to you via the same email address.

It is GRV's goal to have each edition of Greyhound Monthly Victoria available on-line at grv.org.au on or before the last day of the previous month, and arriving in letter boxes by the 10th day of each month.

CEO's Update

GRV's paramount responsibility is the health, safety and welfare of all Victorian participants and their greyhounds and of our clubs and our staff. However, we also recognise that greyhound racing provides jobs, income and markets for thousands of people and many businesses across the State. And that for many people at home, it's also an important source of entertainment.

Therefore GRV, Greyhound Clubs Victoria and our clubs have introduced a number of health protocols on track.

The changes not only protect our participants and staff but show the broader community that greyhound racing is diligently following the Chief Health Officer's advice.

Each club is adhering to strict COVID-19 protocols, which includes attendance restrictions, temperature checking prior to entry, room limits and other measures to ensure all hygiene and social distancing restrictions are met by the participants and essential staff.

Isolation and quarantine protocols are in place, including for front facing staff, such as Vets and Stewards and we will continue this indefinitely. This includes providing additional lure covers and disinfecting equipment that has been contacted by greyhounds.

And there will be further protocols introduced so we can keep racing.

I urge everyone to follow the protocols both on the track and off to give us the best opportunity to continue racing while ensuring our sport complies with our health and safety obligations designed to prevent the spread of COVID-19.

Please monitor your own health and if you don't feel well please don't come to the track .

Beyond this, GRV is consulting with all the clubs, Greyhound Clubs Victoria, the Office of Racing and other key stakeholders on a daily basis as more information and medical advice is received. We are also working with other state jurisdictions and racing codes to share advice and information about managing race meetings and other operations.

All GRV staff are now working remotely where possible so I ask that if you need to contact us, please email: memberservices@grv.org.au or call: (03) 8329 1100 and not to visit our head office. GRV will keep you updated on all developments as they happen through our website, FastTrack, weekly newsletter, social media and emails as appropriate.

In other news, it's been estimated that canine gastroenteritis has currently impacted about 40 properties, mostly larger kennels, and is geographically dispersed across the State. We have an internal working group and a dedicated participant helpline and email address to help industry participants to get information and advice directly from experts. More information about this is available at: greyhoundcare.grv.org.au/ccv

We believe the gastro outbreak will soon be over as we continue racing our healthy population with revised programs and race cards while following guidelines and restrictions for both canine gastroenteritis and Coronavirus. It's important to note here that Victoria has experienced canine gastroenteritis outbreaks before and will probably do so again in the future, but we do have robust and effective protocols in place to manage these outbreaks.

Recently advertised race meetings are fully subscribed.

Victoria's greyhound racing community does have a long and strong history of working together to help each other and others out when needed and this has been reflected in both the recent 'Go The Red Dog' fundraiser and the Royal Children's Hospital's appeal.

Over January and February, 'Go The Red Dog' raised more than \$100,000 for bushfire support and the GRV team of Peita Duncan, Greg Miller, National Adoption Day Ambassador Todd McKenney and myself, raised more than \$18,000 on Neil's Wheel for the Royal Children's Hospital. I thank everyone who supported these very worthy initiatives.

Finally, I know these are very challenging and stressful times for all of us and I remind you that GRV has a free and confidential 24-hour Greyhound Participant Support program to help with your mental, physical and financial wellbeing if needed, and you can find out more at: greyhoundcare.grv.org.au/greyhound-participant-support

I thank you for your patience, support and co-operation as we work our way through the challenges of COVID-19 as a united sport and get the very best outcome we can for our greyhound family.

Group 2 CKH Painting Shepparton Cup (450m)

Shepparton, 21 March

1st	HARD STYLE RICO
Breeding:	Male Jan '18 Bella Infrared x Bella Rico
Breeder/Owner/Trainer:	Luckie Karabitsakos, Pearcedale VIC
First prize:	\$47,000
Odds:	\$2.80
Time:	24.80sec (Best)
Margin:	2.30L
2nd:	Snags McKenzie
3rd:	Whiskey Riot

How the race was won: Jumped cleanly from Box 8 and displayed amazing mid-race acceleration to put the race away within a twinkling of an eye. He accounted for G1 Gold Bullion finalist Snags McKenzie (\$30.60) by just over two and a quarter lengths, with G1 Melbourne Cup and G1 Temlee winner Whiskey Riot (\$2.50F) just over one length away third in 24.80sec (Best). (He established a 24.77sec track record in a heat). He was a finalist in this year's G1 Silver Chief (6th), G1 National Derby (4th) and G1 Australian Cup (7th).

COVID-19: Changes to operational procedures around greyhound racing integrity

GRV's Greyhound Racing Integrity Unit (GRIU) has initiated numerous changes in line with Government social distancing protocols to help combat the spread of COVID-19.

They are as follows:

- Isolation of the Stewards to a specific geographical region – proximity of track to place of residence
- Stewards remain in teams of three and do not crossover or have contact with other teams
- Team of specialist Stewards working remotely in isolation to support the on-track team/s
- Removal of on course Data Operators, function done remotely
- Skeleton staff on track only, non-essential staff were removed from race meetings
- Biosecurity and hygiene measures fully implemented
- Demarcation of maximum occupants placed on all indoor areas of tracks/clubs
- Greyhound identification processes are limited to scanning - ear brand checks have ceased
- Pre-race parading has ceased
- People involved in movement of Greyhounds from kennel to starting boxes are keeping 3-5 metres distance
- Starting box loading process modified to ensure separation distances can be adhered to.
- Pens are being disinfected after use – an abundance of pens are being provided as single use
- Removed the need to use numbered bibs for handlers & catchers
- Vet checks for pre-kennelling and pre-race are being conducted in the open air, where possible
- The Victorian Racing Tribunal are conducting hearings via teleconference and other technology platforms
- Floor markers in place to manage movements of people and distancing at race meeting in various areas
- Swab kits are being handled by one person to ensure singular holdings
- Reduced the congregation of catchers allowing one person to catch more than one Greyhound - without penalty
- Employees are travelling to work alone in their vehicle
- Paperless transactions implemented on track, where possible
- The investigation/prosecution brief preparation process has moved to paperless

Greyhounds and handlers are spaced apart when heading to the starting boxes, while place markers are used to keep participants separated behind the boxes.

Social distancing during the kennelling process.

Vet checks for pre-kennelling and pre-race are being conducted in the open air, where possible.

Coming soon: The new MyFastTrack Mobile App

GRV's IT team (BITS) is developing a new FastTrack App for mobile devices. The current version of FastTrack was designed nearly 10 years ago and was developed for use on desktop and laptop computers, but many participants are using the existing FastTrack on mobile devices.

While FastTrack does work on mobiles, the user experience is not as good as it could be, with many screens needing to be zoomed in or out and pop up boxes not visible on the screen, which can cause mistakes when entering and submitting data.

In addition, FastTrack can't take advantage of technology built into mobile devices, such as instant (push) notifications and the ability to take photos.

To support the development of the new FastTrack App, GRV has established a FastTrack App team.

As a starting point, the app team worked with participants that volunteered for the FastTrack Working group and discussed the challenges using FastTrack and sought advice on how to overcome them.

The new FastTrack app, to be named MyFastTrack, will be designed to provide an improved user experience when used on a mobile device. MyFastTrack will be a 'one stop shop' that will focus on assisting participants to run and manage their greyhound business.

The app will include all the functions currently available on the current version of FastTrack and participants will be able to use their existing FastTrack username and password to login.

The app will make it easier for participants to find and perform frequently used functions such as nominations and kennel returns and support compliance requirements such as retirements and the greyhound record. While the display and navigation will be different to the current version of FastTrack due to the size of the screen on a mobile device, the information required to be entered will be the same.

For example, when nominating, the meeting, distance and priority will still need to be entered or selected, however the entry or selection of this information will be presented in a format that is easier to read and follow.

The MyFastTrack app is still in the design and build phase, so participants can continue to use the current version of FastTrack, which will still be available once the MyFastTrack app has been released.

Members from the app team have recently been on course and have received great feedback on the new MyFastTrack designs from participants. The app team is planning to attend further meetings so participants will have another opportunity to provide feedback.

If you have any questions or suggestions about what you would like to see in the new MyFastTrack app, keep an eye out for information about when BITS staff will be on course or send an email to FTFeedback@grv.org.au.

Restricted activities at GAP

The ongoing uncertainty surrounding canine gastroenteritis and COVID-19 is affecting our whole community, and the Greyhound Adoption Program must also respond to the recommendations of health officials and government advice.

To that end, GAP is applying vigorous restrictions to ensure the best possible welfare outcomes for our greyhounds, staff, volunteers and the general public.

At this stage, effective immediately, GAP Seymour will not be accessible to volunteers or visitors until further notice.

The greyhounds at Seymour will still receive all the attention and care they need during this period and it is possible a limited number of adoptions will proceed at a different venue, based on the health of the dog and restrictions on the gathering of people. These possible adoptions will be arranged on a case-by-case, individual, basis.

If you have registered your interest in adopting a greyhound, please keep abreast of the evolving situation through the GAP website. They may be opportunities to adopt, which will be communicated via this site and the GAP Facebook site.

GAP apologises for this interruption, but we can assure you our greyhounds will be cared for and attended to as usual. Our priority is, and always will be, the welfare of our greyhounds and, in this rapidly evolving environment, our staff and volunteers.

We wish good health to all.

Pre-entry assessments ceased

Considering the current situation surrounding canine gastroenteritis in our kennels at GAP, and COVID-19 (human Coronavirus), the decision has been made to cease pre-entry assessments until further notice.

This decision has not been taken lightly and GRV and GAP are doing everything possible to have GAP in a position to be back up and running as normal as soon as possible.

We appreciate this will have considerable impact on participants and we sincerely apologise for the inconvenience, but for the safety of our industry we feel this is the best possible course of action.

Given these changes, the process around pre-entry assessment will be as follows:

- Every greyhound that is currently booked in for an assessment has been moved onto the GAP waiting list.
- The waiting list has greyhounds listed in the order of the date of the original booking (not the assessment date) so no one will lose their place in line.

- Participants will still have the ability to book additional greyhounds to a pre-entry assessment and these bookings will also be added to the list in booking date order.
- GAP will monitor the current situation weekly and, as soon as possible and safe, we will re-introduce pre-entry assessment sessions around the state.
- As soon as these sessions are reintroduced, greyhounds on the waiting list will be allocated a spot at one of these sessions, in the order that they were first booked, so it is fair for everyone.
- In an effort to reduce the waiting list, we are trialling an alternative intake model whereby greyhounds on the waiting list are taken into Seymour without the standard assessment. This is being done with human safety in mind and was successfully trialled on 1 April. GRV will contact you personally as new sessions are scheduled.

Please understand that the cancellation of GAP pre-entry assessments is not a decision GRV has made lightly and we will continue to monitor and work with participants. We ask for your patience during what is a very challenging time for our community and urge everyone to take all appropriate precautions and keep yourself, your families, and your greyhounds safe and well.

GREYHOUND WELFARE AND RE-HOMING REPORT

BY DR GAVIN GOBLE BVSC, GENERAL MANAGER, GREYHOUND WELFARE AND RE-HOMING

VACCINATIONS FOR GREYHOUNDS

The new Code of Practice will require all greyhounds to have a current C5 vaccination from 1 January 2020. Please speak to your veterinarian about when your greyhounds are next due for a vaccination. Just a reminder that the vaccination requirements for acceptance into GAP are slightly more specific, so please check with GRV if you are planning to get a vaccination for this purpose. These requirements are also on the GAP page of this magazine.

In addition to recording your greyhound's vaccinations in its Greyhound Record, please also provide GRV with copies of your vaccination certificates for GRV to upload into FastTrack. This is particularly important if you are considering, or are already, breeding from your greyhound. These vaccination certificates are required to keep the Pink Card active.

Re-homing your greyhound to a third-party – correct new owner details

From January this year, all participant-reported pet retirements to a third-party (i.e. not the registered owner) have been going into a pending status for GRV to review before finalising the retirement. As part of this process, GRV contacts the new owner because GRV is legally obliged to ensure:

1. the new owner has taken physical ownership of the greyhound; and
2. the address details for the new owner are correct in our system; and
3. the Alternate Contact details are correct; and
4. GRV has the new owner's email address (if they have one) so we can easily correspond with them.

Since the change to FastTrack, GRV has found many retirements where the information provided is incorrect or incomplete. Failure to provide correct and complete information in FastTrack may be a breach of the racing rules, and if GRV cannot contact the third-party to verify their details, you may be referred to the GRIU for further investigation.

To avoid this happening, GRV strongly recommends that you complete the **Notice of Retirement** available as part of the Rehoming Package and submit the form (signed by the current and new owner) to GRV, as well as recording the retirement on FastTrack.

Re-homing Package now available

The Rehoming Package enables a GRV registered owner to comply with the requirements of *The Code of Practice for the Keeping of Racing Greyhounds* (the Code), and to transfer the ownership of the greyhound on the GRV Microchip Registry to the new pet owner.

The Rehoming Package contains two booklets:

1. Re-homing Guide - Information for Participants
2. Pet Greyhound Post Adoption Care Guide (that must be provided to the new pet owner by the GRV registered owner upon rehoming)

The Pet Greyhound Post Adoption Care Guide contains the **Notice of Retirement as a Pet – Transfer to New Owner** form and the **Re-homing Statement**. Completion of these forms, AND the provision of the Pet Greyhound Post Adoption Care Guide to new owners, will ensure compliance with all requirements in relation to rehoming under the Code.

The Re-homing Package is available on the Rehoming section of the GRV Greyhound Care & Standards Website: <https://greyhoundcare.grv.org.au/>

Hard copies of the package are also available at most clubs or you may also request a copy by calling GRV on 03 8329 1100.

Discounted greyhound de-sexing

There are many veterinary clinics in Victoria or interstate near the Victorian border, willing to provide discounts to Victorian registered participants for the de-sexing of greyhounds. Most of these clinics also offer discounts for other greyhound procedures that are done at the same time, including dentals and vaccinations.

A list of these veterinary clinics, and a fact sheet explaining the benefits of de-sexing can be found at greyhoundcare.grv.org.au/rehoming/discounted-de-sexing-offered-by-veterinary-clinics/.

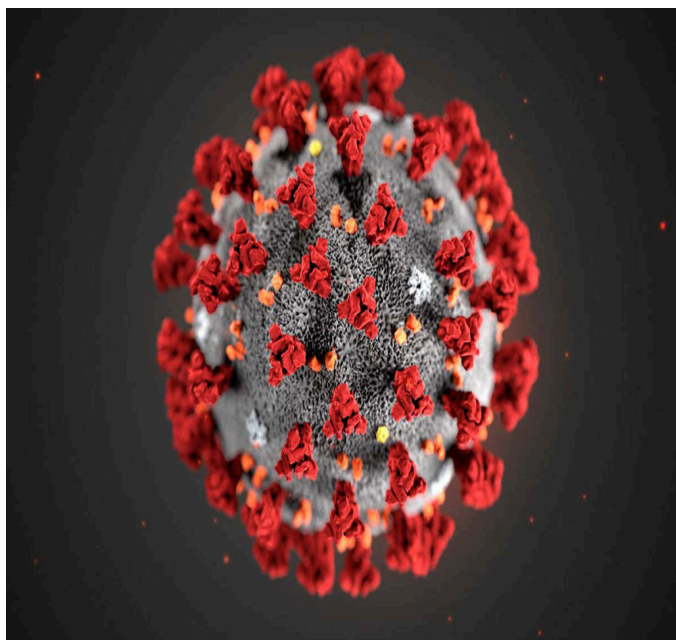

It is important that you contact the clinic directly to discuss pricing and to arrange a booking. GRV is merely providing the list of clinics and plays no role in arranging appointments and surgery or financial transactions.

De-sexing your greyhound on retirement is an important step in maximising the chances of your greyhound being re-homed. GRV highly recommends that de-sexing is undertaken as soon as possible after the decision to retire has been made.

De-sexing has many benefits. Behavioural benefits include a reduction in a greyhound's tendency to be overly boisterous or show low-level aggression towards other dogs, while health benefits include a reduction in the risk of developing some reproductive diseases and cancers, and in male dogs, prostate issues.

Workshops

GRV is currently reviewing workshop locations and dates for 2020. Please speak to your local club manager if you have a preference for a specific topic you would like to see offered at your local club. Workshop topics and booking information can be viewed at greyhoundcare.grv.org.au/workshops.

Update your FastTrack details

All participants are encouraged to keep up to date with the latest GRV information, including updates relating to COVID-19 government restrictions and greyhound racing. These updates are regularly published on FastTrack and both the GRV and GRV's Care & Standards website and will be communicated via Email and SMS in urgent cases.

To make sure you are alerted when anything changes, and to keep up to date with the latest news, updates and communications from GRV, make sure your FastTrack contact details are up to date!

If you need any help to update your details, contact Racing Services on 03 8329 1100 or refer to the Fasttrack user guide available at fasttrack.grv.org.au/Help

Simon wins, way out west

BY GERARD GUTHRIE

Simon Told Helen claimed his second Group 1 trophy with an all-the-way victory in the Perth Cup Final (520m) on 14 March at Cannington.

Simon Told Helen was the fastest qualifier for the \$150,000 to-the-winner Cup and started \$1.80 from box seven.

The David Burnett-trained speedster opened up a decisive mid-race lead before staving off fast-finishing local Zack Monelli to score by three-quarters of a length in 29.82s.

It was Simon Told Helen's 12th win from 19 starts and added to an already impressive resume that includes the Group 1 Silver Chief, Group 2 Queensland Derby, Group 3 Great Chase and Group 3 Cup Night Sprint.

Gamble Responsibly

It's a dog's life...

Living on the Murray River should be everybody's idea of perfect, and one recent resident is making the most of it.

It's been little more than two months since Hayley, who lives in Tooleybuc, welcomed her greyhound Girly into her life and nothing has been the same since. "Greyhounds make the best pets and are so underrated! They are truly just big lovable lazy goofballs" Hayley explains.

Girly is the model greyhound who is toilet trained, amazing to walk on the lead and good around other dogs. She also has her fair share of unusual behaviour which Hayley elaborates on:

"Girly's a pretty quirky dog. She has such a strong personality and at times can be a bit of a diva. She is obsessed with teddy bears, if she finds a teddy bear, she will take it. Most other soft toys are safe, but teddy bears are never safe when she's around. She also loves laying down in water. She won't swim, she will just get into the water and lay down straight away."
