EDITOR-IN-CHIEF: ANDREW COPLEY
MANAGING EDITOR: PHIL WEIR

Greyhound Monthly Victoria (GMV) magazine is produced by Greyhound Racing Victoria (GRV), the governing body of greyhound racing in this state.

GRV strongly encourages all Victorian greyhound racing participants - in particular breeders and trainers - to take the time to read each issue of GMV to ensure they are across relevant key issues.

Each edition of GMV aims to provide an overview of key happenings in relation to Victorian greyhound racing that occurred during the previous month, as well as promoting significant and relevant upcoming activities and events.

It is GRV's goal to have each edition of Greyhound Monthly Victoria available on-line at grv.org.au on or before the last day of the previous month, and arriving in letter boxes by the 10th day of each month.

CEO's Update

Firstly, I'd like to thank everyone for their understanding during the recent five-day snap lockdown. It was very reassuring that all the clubs were able to quickly implement all needed lockdown protocols and keep racing. It is good to know we have this rapid response capability in place although hopefully we won't need to use it again. GRV and the clubs/GCV are working through the complex details of getting everyone back on track and we are almost there. For example, it was heartening to see so many people trackside for the 2021 Australian Cup final at the Meadows last Saturday, cheering on a great run by Tommy Shelby. It was fabulous to have crowds back at the track too, albeit under COVIDsafe conditions.

Something else we can look forward to this year is the new VicBred Pink Diamond series which will provide an additional \$900,000 in prizemoney for Victorian-bred greyhounds of various ages and abilities. This new series is all about acknowledging and encouraging the vital role of our breeders in maintaining a strong pool of racing dogs for the sport's long-term future. It will feature 48 heats across regional tracks culminating in 12 feature finals, some of which will offer \$75,000 to the winner. All the heats will also carry a \$1,000 VicGreys Bonus with 50 per cent going to the breeder and the showcase finals night will include more than \$80,000 in breeder-only bonus payments. The inaugural Pink Diamond heats will be on 10-11 June at Shepparton, Warragul, Ballarat and Geelong with the finals at Bendigo on Friday 18 June and, in following years, the heats and finals will be rotated through all the other regional clubs.

We also have the \$1.1 million Phoenix - the world's only Greyhound Slot Race - coming up in December at the Meadows and we have also announced plans to inject \$900,000 into distance racing. So exciting times ahead.

I am also pleased to see that wagering on Victorian greyhounds has continued to perform strongly with total turnover for January growing by a phenomenal 47% with an additional 12 meetings and 111 races conducted compared to January last year.

We continue to see total turnover and average turnover per race growth across all days of the week, all venues and timeslots, with an unprecedented level of customers staying engaged with betting on Victorian greyhounds.

We do expect though to see some slowing in these growth rates over coming months as we cycle through to the 12-month mark since COVID-19 hit Australia and restrictions started around the country in late March last year.

In other news, I'd like to congratulate Brian Parkinson, John Hutchison and Steve Clarke on their appointments as Greyhound Clubs Victoria's (GCV) Deputy Chair, Treasurer and executive Board Member respectively. GCV is a highly effective advocate for Victoria's greyhound clubs and I look forward to continuing a very productive relationship with the new committee. I would also like to acknowledge the outgoing GCV Chair Adrian Scott for his great work in getting GCV up and running as one of the sport's key stakeholders.

Speaking of clubs, GRV has launched a \$2 million Infrastructure package which is being rolled out over the first half of 2021. It is focused on water management and includes funding for new water carts, tractors and irrigation. All clubs will receive these new resources between now and the end of the financial year. This roll out will build on the major track renovations at Warrnambool, Shepparton, Geelong and Bendigo over December and January.

Looking ahead, I am pleased to note that work on the new Traralgon track is now well underway and generating more than 200 jobs during the construction phase. There will be several Open Days in coming months so that participants and the general community can see at first hand the development of what will be one of the world's most advanced greyhound tracks. At this stage it is on schedule to open for racing this October and I hope to see many of you there for the opening day and the start of an exciting new chapter for our sport in Gippsland.

Finally, as Covid restrictions are being eased, GAP is very much back in business as the demand for greyhounds as pets continues. Many participants have been doing a great job of preparing their dogs for life after racing and if you have a dog you're planning to retire, please start thinking about this now and about booking a GAP pre-entry assessment if needed. The more people who discover what wonderful dogs they are, the better for our sport.

Group 1 Rookie Rebel (600m)

THE MEADOWS, 13 FEBRUARY

1st	FERNANDO CAZZ
Breeding:	Female May '18 Fernando Bale x Naughty Cazza
Breeder-Owner:	Hunter Racing syndicate (Alan Hunter), Blind Bight VIC
Trainer:	Kayla Cottrell, Pearcedale VIC
First prize:	\$75,000
Odds:	\$3.80F
Time:	34.23sec
Margin:	1.26L
2nd:	Cawborne Footrot
3rd:	Mepunga Isla

How the race was won: Middle-distance revelation Fernando Cazz (\$3.80F) sat second until hitting the lead halfway up the home straight and then holding off fast-finishing NSW star Cawborne Footrot (\$10.40) by 1.26L, with Mepunga Isla (\$3.90) a 'whisker' away third in 34.23sec. It was Fernando Cazz's 10th win from 28 starts – and her fifth win from six starts since switching to middle-distance racing. Her 18-year-old trainer Kayla Cottrell snared her first Group 1 win and the Cottrell family made it back-to-back Rookie Rebels as her mum, Janet, won last year's race with Perfect Marshall.

Kayla Cottrell continues the family success with Fernando Cazz.

Group 1 Temlee (525m)

THE MEADOWS, 13 FEBRUARY

1st	WOW
Breeding:	Male May '18 Fernando Bale x Miss All Class
Breeder:	Ronald Field, Ambarvale NSW
Owner-Trainer:	Karina Britton, Ambarvale NSW
First prize:	\$100,000
Odds:	\$6.70
Time:	29.78sec
Margin:	1.57L
2nd:	Yozo Bale
3rd:	Tiggerlong Tonk

How the race was won: NSW superstar Wow (\$6.70) showed his wow-factor, overcoming Box 5 with a powerhouse performance defeating kennelmates Yozo Bale (\$42.80) and Tiggerlong Tonk (\$8.30) in a sizzling 29.78sec. Wow notched his 17th win from 26 starts – and registered his ninth straight win. It was Wow's second G1 victory, having also won the Paws Of Thunder. He joined AGRA 'Hall of Fame' inductee Paua To Burn (2005) as the only NSW greyhounds to win a Temlee since the race's inception in 2003.

Wow! It was an emotional triumph for young owner/trainer Karina Britton.

Group 1 Zoom Top (725m)

THE MEADOWS, 13 FEBRUARY

1st	HOUDINI BOY
Breeding:	Male Mar '18 Zambora Brockie x Pechey
Owner:	Mark Ruff, Diggers Rest VIC

First prize:	\$75,000
Odds:	\$2.80F
Time:	42.28sec
Margin:	0.10L
2nd:	Stanley Road
3rd:	Sunset Bourbski

How the race was won: Last-to-first 'escape artist' Houdini Boy (\$2.80F) was more prominent than usual from Box 3 and after being fifth early, swept to the lead rounding the home turn. He then staved off a late challenge from NSW staying find Stanley Road (\$14.10) to score by 0.10L, with Sunset Bourbski (\$4.30) a further 1.13L away third in 42.28. Houdini Boy notched his 14th win from 26 starts – including eight of his past 11. It was also his second G1 victory, having taken out the Sale Cup on Boxing Day.

Houdini Boy shares the silverware with co-trainer Jackie Greenough.

Group 2 Backmans Greyhound Supplies Cranbourne Cup (520m)

CRANBOURNE, 6 FEBRUARY

1st	JAX BALE

First prize:	\$50,000
Odds:	\$5.20
Time:	29.68sec
Margin:	1.89L
2nd:	Equalizer
3rd:	Squiggle Keeping

How the race was won: Jax Bale (\$5.20) returned to his brilliant best leading all-the-way from Box 7 to defeat 'next big thing' Equalizer (\$3.80F) by 1.89L and kennelmate Squiggle Keeping a further 3.68L away third in a flying 29.68sec. It was his 10th win from 46 starts and his first G1 victory. He finished second to champion Simon Told Helen in last year's G1 Harrison-Dawson at Sandown Park.

Jax Bale

Group 1 Fanta Bale Super Stayers (725m)

THE MEADOWS, 27 FEBRUARY

1st	STANLEY ROAD

Odds:	\$9.00
Time:	42.15sec
Margin:	2.93L
2nd:	Sir Truculent
3rd:	Sunset Bourbski

How the race was won: After being sixth in the middle stages, NSW staying revelation Stanley Road (Box 6) produced his customary whirlwind finish to land his first G1. Stanley Road (\$9.00) defeated SA star Sir Truculent (\$32.20) by 2.93L, with Vic staying queen Sunset Bourbski (\$6.30) a further 0.83L away third in 42.15sec. It was his 11th win from 26 starts. In Week 1 of the Australian Cup Carnival, Stanley Road had finished runner-up to Houdini Boy in the G1 Zoom Top.

Stanley Road

Group 1 Garrard's Gold Bullion (520m)

ALBION PARK, 4 FEBRUARY

1st	SHIMA SHINE
Breeding:	Male Nov '17 Barcia Bale x Shima Song

Odds:	\$2.00F
Time:	29.51sec (Best)
Margin:	2.00L
2nd:	Crazy Cool
3rd:	Tommy Shelby

How the race was won: Australia's No. 1 sprinter flew the Victorian flag with a brilliant frontrunning performance. Shima Shine (\$2.00F) defeated gallant local champ Crazy Cool (\$15.00) by 2L, with WA whiz Tommy Shelby (\$3.60) a further 2.5L away third in a flying 29.51sec. It was Shima Shine's 30th win from 48 starts and his second G1, having taken out last year's Topgun.

Shima Shine

Neck and neck – Tommy Shelby and Fernando Bluey.

Group 1 TAB Australian Cup (525m)

THE MEADOWS, 27 FEBRUARY

1st	TOMMY SHELBY
Breeding:	Male Mar '18 Fernando Bale x Serena Fly High
Owner:	Harders Withers syndicate (Jodie-Louise Harders), Forrestdale WA
Breeder-Trainer:	Steven Withers, Casuarina WA
First prize:	\$300,000
Odds:	\$2.80F
Time:	29.86sec
Margin:	0.06L
2nd:	Fernando Bluey
3rd:	Lakeview Cruiser

How the race was won: Lightning-fast Fernando Bluey exploded from Box 6 and pinched a 3-4L break heading down the back straight. But WA wonder Tommy Shelby (Box 4), who was midfield early, had moved into second and was in hot pursuit. Turning for home, Tommy Shelby (\$2.80) ranged alongside Fernando Bluey (\$4.30) and in a head-bobbing finish nabbed a 0.06L win. Lakeview Cruiser (\$10.00) finished third, a further 3.1L away in 29.86sec. It was Tommy Shelby's 27th win from 41 starts and his second G1, having won last year's Hobart Thousand.

Up on the wheel again.

Greyhound Racing Victoria (GRV)'s Chair, Peita Duncan, will once again be going up in Neil's Wheel for The Royal Children's Hospital's Good Friday Appeal. From 8.30am onwards on Friday 12 March, Peita and other representatives of GRV and the sport won't be able to escape from their cabin on Melbourne Star at Docklands until they've raised at least \$5,000.

So Peita and the greyhound gang will be calling all their contacts on the day to ask for donations to this very worthy cause. Over the past two years, Victoria's greyhound community has raised around \$50,000 through Neil's Wheel for the Good Friday Appeal and looks forward to again supporting the great work of The Royal Children's Hospital in 2021

Tommy's Australian Cup 'Blinder'

BY GERARD GUTHRIE

Western Australian superstar Tommy Shelby reigned supreme in a memorable finish to the Group 1 TAB Australian Cup on Saturday night, prevailing in a spine-tingling duel down The Meadows home straight with Fernando Bluey.

Trained by Steve Withers, who also bred and part-owns the 'people's dog', Tommy Shelby overcame box four to gun down leader Fernando Bluey in the shadows of the post to claim his second Group 1 trophy, having previously won the Hobart Thousand in December.

"I'm very proud of the dog," said Withers.

"He's just an awesome dog.

"He's a dog we've bred from home, he's been on the journey, he's been everywhere, he's done the job everywhere and he's really put an exclamation mark on his career. I think he deserves it."

Tommy Shelby was the fastest qualifier for the Australian Cup after a scorching 29.51s heat victory and he started \$2.80 favourite in the \$300,000 to-the-winner final, despite continuing a horror run of draws during the three-week Cup Carnival.

The son of Fernando Bale and Serena Fly High, named after the lead character from TV series *Peaky Blinders*, ran third from box six in the Group 1 Temlee invitational on opening night and then exited box five in his dominant heat performance.

Fernando Bluey, trained by 18-year-old Kayla Cottrell, was the \$4.30 second elect from box six and he once again demonstrated great early pace to lead, courtesy of a 5.02s first split, while Tommy Shelby overcame an average getaway to drive into second.

Tommy Shelby levelled up to Fernando Bluey turning for home and finished the better in a stirring drive to the line in 29.86s, with Lakeview Cruiser (\$10) finishing third, giving champion stud dog Fernando Bale the trifecta.

"Your first instinct is good but I'm a little bit biased!" said Withers after the tight finish.

"He's been in every big race, but he can't draw a box and to get through the traffic tonight I'm very proud of him."

Tommy Shelby has now won 27 of his 41 starts, with his prizemoney skyrocketing to just under \$750,000.

Adding further merit to Tommy Shelby's Australian Cup heroics, he hasn't raced in his home state since September 26 as he's campaigned in Victoria, Tasmania, NSW and Queensland, winning the Hobart Thousand and placing in the Melbourne Cup, Million Dollar Chase and Gold Bullion.

"He's got an awesome temperament. He's a pet at home and then he comes to the racetrack and turns it on," said Withers.

Withers and fellow owners, wife Kira and Michael and Jodie Harders, have generously been donating 10 per cent of their owners' prizemoney, five per cent overall, to various charities each month, with Bushfire Volunteers WA the beneficiary in February.

FEATURED CLUB

Shepparton Greyhound Racing Club Manager Profile: Carl McGrath

Carl was born and raised in Shepparton and from an early age was involved in the Greyhound Racing industry courtesy of his late father and well-known Shepparton trainer Anthony "Tony" McGrath.

Carl was educated at McGuire College Shepparton and after leaving school he commenced work at the Shepparton Greyhound track as a 16-year-old and was immediately employed as a Parade Steward before moving into other areas as a Judge, Club Steward and a lure driver.

For over 17 years Carl has successfully managed numerous businesses and was the General Manager of Reece Plumbing in Castlemaine/Bendigo. His greyhound racing knowledge and history in the sport is reputable and he has bred multiple Group one winners over the years.

Carl has a notable football brain having won five premierships as a coach and was also appointed the senior Inter-league Coach in the Kyabram District Football League for 2 years (1999 & 2000).

In 1993, early in his coaching career Carl was announced the winner of the Goulburn Valley Football League Coach of the Year.

Carl currently lives on 60 acres in Katandra with his wife Leanne, to whom he has been married for 34 years and has 3 children and 2 grandchildren.

Fun Facts with Neil Brown

Greyhounds can turn upon any track in Australia from any state. Such was the case when outstanding New South Wales sprinter Yannick was entered to race at Shepparton on Thursday the 26th of November 1987.

Drawn box one in a mixed 4th and 5th grade stake over the 440 metre he was below his grade by quite a margin. Why trainer Alan Pringle decide to travel from Orange in New South Wales to Shepparton is anyone's guess. The 37-kilo fawn dog (by Red Swinger from Hopeful whelped July 1985) had finished third in the National Derby behind Shy Sultan in February and had raced at the top level in his home state for most of that year.

He was later in his career the 10/9 favourite for the 1988 Australian Cup finishing unplaced behind Golden Blessing. While in June of 1988 he won the Tweed Heads Galaxy from box one as a 4/5 favourite. You probably don't have to wonder about the result: he bolted in winning by 12 lengths in 24.87 at 1/3. Diamond Life finished second and Thorgil Frizza third. The track record at the time was 24.73 set in October that year by Nan's Pal. Most observers at the time thought he should have broken it. I am sure connections put the \$150 first prize to good use.

Victorian race calling icon Ron Hawkswell celebrates his 50th year calling Greyhounds in 2021. People in the industry may not be aware of how it all started for the popular big man of the sport. Officially it was at Shepparton. At the start of any venture to succeed you not only need a steely determination but plenty of dedication. Local club caller back in 1971 was Ian Samblebe. Sambo is alive and well these days living on a Riverboat near the Gold Coast, and he gave Hawk the chance to call the last two races on the card each Thursday night. Ron was working for the tramways in his home suburb of Preston in those days. After working all day, he would drive the 172ks, a two and a half hour trip each way, for the experience of calling the live races. It led to Ron becoming the first caller at Cranbourne, where he is a life Member, and a full-time job which he still holds today with RSN.

Vics strike it rich with new Pink Diamond series

Victorian-bred greyhounds will share in an extra \$900,000 annually as part of an exciting revamp of GRV's Racing Calendar.

Changes to the calendar include the introduction of a showpiece event called the VicBred Pink Diamond series, to be conducted in June each year throughout regional Victoria.

The annual Pink Diamond series will incorporate a total of 48 heats across four regional tracks exclusively for greyhounds bred in Victoria, and cater for dogs of various ages and abilities, including veterans' races.

First and second placegetters will qualify for a spectacular showcase race night incorporating 12 feature finals, three of which will carry top prize money of \$105,000, including \$75,000 to the winner, which will come as heartening news to owners and trainers.

Victoria's breeders are also set to cash in on the Pink Diamond initiative, with all 48 heats to carry a \$1,000 VicGreys Bonus, 50 per cent of which will go to the breeder, while the showcase finals night will include more than \$80,000 in breeder-only bonus payments.

The Meadows announces million-dollar race

A new era in greyhound racing begins at The Meadows this December.

The Phoenix – The World's Only Slot Race for Greyhounds

Eight slots

\$75,000 per slot

\$1,145,000 in prizemoney

\$750,000 to the winner

Saturday 18 December 2021 at The Meadows

Melbourne Greyhound Racing Association (MGRA) CEO Ashley Baker joined GRV Chair Peita Duncan on tonight's live Thrill of the Chase broadcast on 7mate to announce the introduction of a ground-breaking new race.

Set to become the pinnacle event on the greyhound racing calendar, The Phoenix is Victoria's first ever million-dollar slot race.

The first race of its kind in greyhound racing, The Phoenix will see eight slots offered for \$75,000 each. Slot owners then face the trepidatious task of deciding which greyhound will run on their behalf.

And you don't have to own your own superstar greyhound to get involved in the action.

Slot owners can negotiate privately with greyhound owners and trainers, on-sell their slots for profit, or use them as promotional tools for businesses.

Whatever happens, there's sure to be a huge amount of lively discussion surrounding the negotiations between slot owners and the announcements of the final field.

GRV Chair Peita Duncan commended The Meadows on the development of this sensational new race.

"The Phoenix is a great initiative by The Meadows and will showcase Victorian greyhound racing on the world stage," Ms Duncan said.

"It will undoubtedly become an aspirational race in the calendar moving forward and one that will be life-changing for those involved."

"The Phoenix will showcase greyhound racing on the world stage."

MGRA CEO Ashley Baker also noted the excitement surrounding tonight's announcement.

"Our industry is thriving at present and now is the right time to launch a race such as this," Mr Baker said.

"The Phoenix is a game-changer and will no doubt capture the attention of racing fans around the world."

"To be standing here launching a million-dollar race is a real privilege and a credit to all of those who have contributed to getting this proposal off the ground."

"I thank Peita and Alan (Clayton – GRV CEO) and their terrific team of staff for the work they've done in assisting the MGRA to develop The Phoenix and for having faith in the concept."

"I cannot wait to showcase the best that greyhound racing has to offer come December, and hopefully change the course of somebody's life with that \$750,000 first prize cheque."

"December is traditionally a time at The Meadows where we see crowds flocking to the track to celebrate with their friends and co-workers."

"When we were looking to integrate The Phoenix into the racing calendar, we knew this was the ideal time to showcase all that greyhound racing has to offer to a huge audience with a blockbuster event."

The final race details and conditions will be released in the coming months.

If you would like more information or to register your interest in purchasing a slot, please send an email to thephoenix@grv.org.au outlining your query.

Gastroenteritis and Appropriate Use of Antibiotics – GRV Veterinary Services

Diarrhoea in greyhounds:

Earlier in the year, the greyhound industry was significantly impacted by a nationwide outbreak of gastroenteritis caused by the gut (enteric) form of canine coronavirus (no relation to COVID-19 and cannot be spread to humans). In most cases it caused a self-resolving mild gastrointestinal illness (vomiting, diarrhoea, poor appetite), but some trainers reported a reduction in performance that lasted several weeks. The disease had implications for greyhound health and welfare and impacted the racing population with participants unable to race their greyhounds.

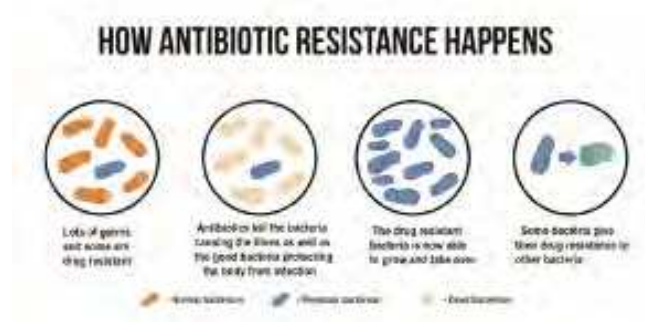

Just like the ongoing COVID-19 pandemic in humans, testing is an important part of any outbreak control strategy. Many greyhounds had their faeces sampled and tested for different infectious agents that identified the cause of disease, rather than guessing and providing unnecessary treatments.

Causes of Diarrhoea:

While infection may often be thought of as a primary cause, there are many different reasons a greyhound can develop diarrhoea, including dietary indiscretion, a change in diet, ingestion of spoilt food or a toxin, food sensitivity or irritable bowel, stress, or as a side-effect of certain medications. In most cases, including those of infectious diarrhoea, routine antibiotic treatment is not required.

Whenever there are multiple greyhounds affected on the same property, or that have been in contact with others affected by a gastrointestinal illness, it is reasonable to suspect an infectious cause. Infections may be from a virus, bacteria or parasite. Studies have shown that dogs carry many different infectious agents in their gastrointestinal tract, so it can often be difficult to distinguish which one is responsible for causing the observed illness.

Many greyhounds will test positive for *Campylobacter* and *Salmonella* on faecal samples. These bacteria do not always cause illness, and antibiotic treatment will only be required in exceptional circumstances. They can however be spread between greyhounds or through ingestion of and contact with raw meat. They have the potential to also infect humans. Viruses, including parvovirus and coronavirus, are not normally found in the gastrointestinal tract of greyhounds and cannot be killed by antibiotics. In some cases, your vet may prescribe antibiotics to treat a secondary bacterial infection, especially if there is a secondary overgrowth of resident bacteria or more severe symptoms are present. *Giardia* is a parasite and is usually transmitted via contact with faeces or through faecal contaminated water. Your vet will be able to diagnose infection from a faecal sample and provide treatment recommendations.

What is antibiotic resistance?

World Antimicrobial Awareness Week was 18-24 November and antibiotic resistance is important for us all to be aware of. Antibiotics are substances used to kill bacteria or to stop them from growing and multiplying. Antibiotic resistance is defined as the ability of a bacteria to resist the action of antibiotics. This means bacterial replication will not be inhibited or the bacteria will not be killed.

It is easy to think that if you are giving antibiotics to a greyhound with diarrhoea that it was the medication that led to an improvement; actually, diarrhoea will resolve on its own within two or three days in most cases.

Using antibiotics inappropriately may not harm the greyhound but increases the risk that antibiotic resistance develops. This is because antibiotics will only kill the bacteria that are sensitive to the drug; the resistant bacteria are the ones that can survive and multiply. Antibiotic-resistant bacteria occurring in animals can spread between animals and to humans, which may lead to infections that are difficult to treat. As an example, a recent case of severe pneumonia in a greyhound, cultured bacteria that were resistant to lincomycin, which has been commonly used in greyhounds for many decades.

It is therefore extremely important that antibiotics are used prudently and only under the direction of your veterinarian, which includes using them at the dosage and duration prescribed. Antibiotics should only be used where necessary and the correct antibiotic to treat the likely or known infection should be selected by your veterinarian (which may require culture and sensitivity testing). Correct use of antibiotics will mean that in the future we are able to continue to improve animal welfare by treating and preventing bacterial infection and, also, to ensure that human medicine continues to have antibiotics that work.

Note: If you have old / expired, non-prescribed, or left-over personal antibiotics in your kennels, you should discard them appropriately, along with any other prohibited substances not possessed in accordance with the Rules.

Notice to Greyhound Racing Victoria Participants – Increase to Penalties – knackery meat, other human foods and personal medication matters

In August 2016 Greyhound Racing Victoria (GRV) published the 'Feeding, Medication & Supplement Guidelines' on its website and GRV Monthly Magazine, and more recently in July 2020 published an article in the GRV Monthly Magazine 'What's in your greyhound's food bowl'.

Amongst other topics, it advised against the feeding of knackery meat by reason of the dangers that it can contain prohibited substances that, when ingested, will provide positive results upon sampling. It also warned of the dangers of inadvertent exposure to personal (human) medications and the vigilance that is required when feeding greyhounds in this respect. The Greyhound Racing Industry was also alerted to other known sources of human foods which result in positive swabs if digested by a greyhound, such as bread or other baked goods containing poppy seeds, foods containing chocolate, and liquids such as tea or coffee including other products from health food shops or gyms that may contain caffeine or other stimulants.

This Notice is to alert Greyhound Racing Industry Participants that GRV Stewards will seek an increase in penalties for any sample taken from a greyhound after 1 June 2021 which results in a positive test to a prohibited substance (as defined in the Greyhounds Australasia Rules (including permanently banned prohibited substances)) that are presumed to have occurred from inadvertent contamination through the feeding of unfit for human consumption meat (knackery meat) or from contamination with personal medications.

Unfortunately, despite the well-understood risks, there is an increasing number of greyhounds being presented for racing while contaminated by prohibited substances. The presence of a prohibited substance in a registered racing greyhound undermines the integrity of the industry and depending on the prohibited substance, can lead to animal welfare issues.

The Victorian Racing Tribunal (VRT) has also expressed its concerns in a number of recent matters regarding the volume of cases that continue to come before the VRT claiming accidental contamination.

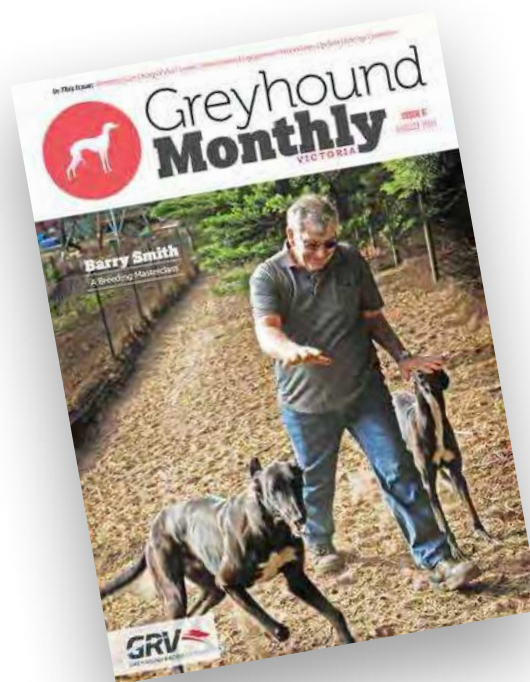

Feeding greyhounds knackery meat and/or engaging in insufficient hygiene precautions (e.g., not wearing gloves whilst handling food or failing to wash hands after taking medication or using the bathroom) are known risks for contamination.

Whilst each case will continue to be assessed on its own merits and in accordance with GRV's Prosecution Guidelines, participants should expect increased penalties for breaches relating to the feeding of knackery meat or contamination from human medications or other human foods.

Greyhound Racing Industry Participants are once again urged to visit the links provided above and understand the risks and consequences associated with the feeding of knackery meat and exposure to personal medications.

Vale Poke The Bear

Poke The Bear, one of Australia's greatest sprinters in recent memory, has succumbed to cancer at just five years of age.

The son of Fernando Bale and Nicki Fields was part of an all-conquering litter which included Out Of Range and Fully Loaded, while he was also a half-brother to the electrifying Hooked On Scotch.

Bred and owned by Victorian father-son team Darren and Michael Puleio and trained by Seona Thompson, Poke The Bear retired in 2019 with 37 wins from 69 starts and over half a million dollars in prize money.

"It is with a heavy heart I would like to announce that our much loved champion Fred (aka Poke The Bear) lost his battle with cancer last night," a devastated Darren Puleio posted on Facebook.

"He was more than a race dog to us, he was a pet, a friend and an absolute gentleman."

Remarkably, Poke The Bear's three biggest wins – the Topgun, Traralgon Cup & Silver Bullet – all came from Box 6 – while he also proved to be an accomplished 600m chaser, winning numerous races in town over middle distances.

It can come out of the blue...

GREYHOUND WELFARE AND RE-HOMING REPORT

BY DR GAVIN GOBLE BVSC, GENERAL MANAGER, GREYHOUND WELFARE AND RE-HOMING

VACCINATIONS FOR GREYHOUNDS

The Code of Practice requires all greyhounds to have a current C5 vaccination. Please speak to your veterinarian about when your greyhounds are next due for a vaccination and ensure your Kennel Cough vaccine is up to date. Just a reminder that the vaccination requirements for acceptance into GAP are more specific, so please check with GRV if you are planning to get a vaccination for this purpose. These requirements are also on the GAP page of this magazine.

In addition to recording your greyhound's vaccinations in its Greyhound Record, please also provide GRV with copies of your vaccination certificates for GRV to upload into FastTrack so there is a permanent record. This is particularly important if you are considering, or are already, breeding from your greyhound. These vaccination certificates are required to keep the Pink Card active.

Kennel Cough

During January and February there have been ongoing incidences of coughing dogs and some Kennel Cough scratchings with reports of just a mild husky cough. Please be vigilant, get veterinary advice if you get any coughing dogs, and contact GRV so we are aware of what is happening in the industry. Good hygiene and biosecurity practices are vital to limiting spread and impact of any infectious disease. Any greyhound that has Kennel Cough or has been exposed to Kennel Cough, **MUST** be scratched from any races it is nominated for, and not trialed or taken to other communal training facilities or GAP. Most importantly, under the greyhound Code of Practice all greyhounds must have a current C5 vaccine, which means a yearly Kennel Cough vaccination (preferably with an intra-nasal or oral vaccine), which are faster acting and more likely to be effective than injectable vaccines, with the C3 component every 1-3 years in line with EHMP requirements and veterinary advice. For more kennel Cough information including clinical signs, biosecurity information, vaccination considerations and avoiding a positive swab to cough medicines, please visit https://greyhoundcare.grv.org.au/wp-content/uploads/2019/04/Welfare_Fact_Sheets_2019_Kennel_Cough.pdf.

Surrendering greyhounds to a pound

Recently, GRV has seen an increase in greyhounds being surrendered to a council pound instead of being re-homed. Surrendering a greyhound to a council pound is a breach of the Code of Practice for the Keeping of Racing Greyhounds (Code). A council pound can either be a council-run facility or a facility run by another organisation (including a shelter) that contracts to the council.

If a participant is considering surrendering a greyhound to a shelter (i.e., not a volunteer re-homing group) they must check with that shelter and/or their local council to determine if that shelter is acting as the contracted pound to their municipality; if it is, then surrendering a greyhound

in that manner will be a breach of the Code. If in doubt, the participant can contact the GRV Retirements team for advice. Many of the greyhounds surrendered recently have not attended a GAP pre-entry assessment. Current waiting times to get greyhounds into GAP are unusually short, so if participants do not have a new owner lined up for their greyhound, GAP is a great first re-homing option ahead of other volunteer re-homing groups.

The best way to ensure your greyhound has the easiest transition to retirement is to ensure your greyhound is well socialised with people and other breeds of dogs. For more information on retiring your greyhound visit: <https://greyhoundcare.grv.org.au/rehoming/#participants>.

Preventing disease

As we all know, disease can have a significant impact on both ourselves and the greyhounds in our care. One of the biggest challenges that participants can face, is the potential for rapid spread of a disease where greyhounds are housed in a kennel environment. Disease outbreaks in kennels can have a huge impact on the greyhounds' welfare and your ability to race dogs for an extended period of time. Dirty and soiled living areas promote diseases and parasites which can quickly lead to sick greyhounds. So, as a preventative measure, you should always clean kennel and yard areas daily. This includes:

- picking up any faeces and old /uneaten food and disposing of it properly so as not to attract flies or vermin that can carry disease;
- washing away urine;
- cleaning and filling containers with fresh water;
- removing used or soiled bedding; and
- washing floor surfaces with hospital grade disinfectant or a detergent/disinfectant combination, in warm or hot water where possible.

All items used for feeding (including food preparation areas and utensils) should always be cleaned at the end of each feeding time.

Particular attention should be paid to daily cleaning, weekly disinfecting and scrubbing kennels on a regular basis to minimise the risk of diseases, particularly when the greyhound occupying a kennel changes. The risk of any spread of a disease - which may not always be immediately obvious - can also be minimised by placing greyhounds back in their own kennel after toileting, exercising, training and racing. Moving greyhounds between kennels will lead to more rapid disease spread; unless you have time to completely disinfect the kennel run and bed before each new greyhound is placed in it. For more information, please visit <https://greyhoundcare.grv.org.au/health-and-well-being/preventing-and-managing-disease-through-hygiene-and-cleanliness/>

Rehabilitation Grant now part of Greyhound Recovery Initiative (GRI) funding

All greyhounds who suffer a GRI-eligible injury at a race meeting are eligible for a Rehabilitation Grant of up to \$500 in addition to \$2,000 for veterinary costs. The Rehabilitation Grant is paid directly to the participant to support recovery from the injury (but can also be used for additional veterinary costs), but the participant must apply for it using Part C of the GRI Admission Form (without this form, GRV cannot pay the grant). To claim the Rehabilitation Grant GRV also requires Part B of the GRI Admission Form that the off-track veterinarian has completed (although GRV may already have this). For more information on the scheme, please phone GRV Welfare department or visit <https://greyhoundcare.grv.org.au/greyhound-recovery-initiative/>.

To assist participants with re-homing their greyhounds, spaces in the pre-entry assessment sessions are booked through Racing Services during office hours on **03 8329 1100** or by emailing gapbooking@grv.org.au.

All sessions for the next 2 months are listed on this page, with later dates released each month.

To be eligible for a pre-entry assessment your greyhound must:

- have a current C5 vaccination as per the specific GAP VACCINATION REQUIREMENTS described on this page given at least 10 days before the pre-entry assessment; and
- not have been trained, trialed or raced for at least one month (preferably two months) prior to the testing day ("wind-down period"). This will increase the likelihood of your greyhound passing the temperament test. The 'Racing to Retirement' information booklet is available through Racing Services or at: greyhoundcare.grv.org.au/retirement-from-racing.

Participants may be asked to provide a good quality, well fitted wire muzzle when entering a greyhound into GAP. Note: there is no fee for greyhounds being entered into GAP.

The principles of the GRV Hot Weather Policy also apply to days when greyhounds are accepted into GAP. For days when the temperature is forecast to be 32 degrees or above, entry sessions may be subject to a time change. For days when the temperature is forecast to be 38 degrees or above, entry sessions will be cancelled. GRV will notify participants by phone as soon as possible for all session changes and cancellations. Wherever possible, GRV will endeavour to replace cancelled sessions with new sessions in the local area.

GAP VACCINATION REQUIREMENTS

Your greyhound must have had the following vaccinations:

- Parvovirus, Distemper and Hepatitis (C3) within the last 2½ years (or within the last 1 year if the last C3 was given earlier than 12 months of age); and
- Kennel Cough (both Bordetella and Parainfluenza) within the last 6 months where the Bordetella component is given as an intra-nasal or oral vaccine.

The simplest method to achieve this is an injectable C3 vaccine plus the standard intra-nasal Kennel Cough vaccine.

Note the GAP vaccination requirements are more specific than a standard injectable C5 vaccination given annually. If you or your veterinarian have any questions on these requirements, please contact GRV.
