EDITOR-IN-CHIEF: ANDREW COPLEY
MANAGING EDITOR: PHIL WEIR

Greyhound Monthly Victoria (GMV) magazine is produced by Greyhound Racing Victoria (GRV), the governing body of greyhound racing in this state.

GRV strongly encourages all Victorian greyhound racing participants - in particular breeders and trainers - to take the time to read each issue of GMV to ensure they are across relevant key issues.

Each edition of GMV aims to provide an overview of key happenings in relation to Victorian greyhound racing that occurred during the previous month, as well as promoting significant and relevant upcoming activities and events.

It is GRV's goal to have each edition of Greyhound Monthly Victoria available on-line at grv.org.au on or before the last day of the previous month, and arriving in letter boxes by the 10th day of each month.

CEO's Update

In the Pink

Congratulations to everyone involved on the success of the inaugural Pink Diamond series held over 4-18 June. Two hundred and twenty Victorian breeders, and many more trainers and owners, took part and shared prize money and breeder bonuses of around \$800,000.

This series, strongly endorsed by many trainers, generated record wagering numbers, and it showcased Victorian-bred dogs of all ages and abilities. I would like to acknowledge the great work by Ballarat, Bendigo, Geelong, Shepparton and Warragul clubs for staging the 12 Pink Diamond events.

GRV certainly plans another Pink Diamond series for next year and is considering how it and other initiatives can be developed further to deliver more opportunities for Victorian dogs.

Prizemoney boost continues

The combined Pink Diamond series and the additional \$10,000 VicBred monthly event provides an additional new \$900,000 in prizemoney and other returns for greyhounds bred in Victoria. These all-form part of an expanding racing program for 2021-22 with a record prizemoney pool of \$58 million, up 25% from two years ago. And GRV will review prize money progressively through the year depending on the revenue.

Safety and Welfare outcomes

The Pink Diamond was one of several highlights for the sport in 2020-21. Overall national wagering turnover on Victorian greyhounds reached new levels which are funding expanded prizemoney and more investment in improving track safety. Welfare and integrity, which remain the key priorities for GRV as a regulator, also had very good outcomes over the year. Euthanasia numbers have continued to fall at a rate significantly greater than expected and track safety continues to improve with a 30 percent drop in race deaths from 69 to 48 in the past 12 months. The re-homing of greyhounds was particularly special with close to 3,000 dogs rehomed despite the impact of lockdowns on adoption events.

Traralgon and new Infrastructure

Work on the new Traralgon track continued apace.

The Minister for Racing, Martin Pakula, has just affirmed that we are on track to deliver the first single-turn greyhound racetrack in Australia by the end of the year.

There is a \$3 million investment from the Victorian Racing Industry Fund towards construction of the "J" track, and GRV is contributing \$2 million.

GRV also rolled out a \$1.2 million Summer Infrastructure Program to provide water management resources for all the clubs. We continue to work closely with clubs on developing track maintenance skills and reporting requirements.

Desexing and Dental Scheme

GRV has launched a new Desexing and Dental Scheme for retired greyhounds in the care of a Victorian participant, whether as a pet or prior to being re-homed. The scheme applies to Victorian-owned greyhounds and interstate-owned greyhounds that have trained and raced in Victoria for at least three months prior to retirement.

GRV will directly pay up to \$400 for a male greyhound and up to \$500 for a female to Victorian-based veterinary clinics nominated by participants whose dogs are eligible for the scheme, and which are undergoing both desexing and dental treatment.

Outlook for 2021-22

There will be more opportunities for Victorian greyhounds, owners, breeders and trainers at every level from marquee events to provincial racing.

A key focus for GRV in 2021-22 will be further improving its operating processes and services for participants while reducing administrative costs and timelines. Also, we will continue to keep delivering Safe Racing program initiatives while stepping up our promotional work in both local and international markets, and delivering on our core business of animal welfare and ensuring the highest levels of integrity.

On the track, we can look forward to a very full program of 26 race meetings weekly. These will include exciting new events like the \$1.1 million Phoenix, the world's first ever greyhound slot race, at the Meadows in December and of course the return of the Pink Diamond.

I would like to thank the participants, the clubs and the GRV team who have worked together to deliver great outcomes for the sport over the past financial year. We are now well prepared for what promises to be a champion year, with more announcements on prizemoney, including that for metropolitan racing.

And on this note I would also like to report that GRV will continue to seek resolution of the matters raised by the Greyhound Trainers and Breeders Association. To date, as many of you would be aware there is still some way to go on several fronts, but be rest assured we are hopeful there will be a positive outcome in the not-too-distant future.

Bill Buccilli's view from the "coalface"

Newly appointed GRV Board member, Bill Buccilli, believes his time at the "coalface" of the greyhound business will hold him in good stead as he takes up his new role.

The Melbourne-born real estate company director, Bill has had a successful career as an owner and breeder with his cousin Serge.

They have partnered in successful racing syndicates which have produced winning performers such as Bewildering, Extreme Magic, Melbourne Cup winner Black Magic Opal and Black Opium which won the Sapphire Crown and the Brisbane Cup last year. And around the state Black Magic Opal has chalked up cup wins at Geelong and Warrnambool.

For Bill, his coalface connection with the sport has delivered great enjoyment.

"We've been fortunate – we've bred well and been in a lot of Group 1 finals, but have not always won, but there is no greater thrill than seeing your dog racing," Bill said.

Bill sees his new role as being able to deliver a personal perspective and knowledge from an active owner and breeder.

More importantly Bill is keen to be part of the growth of the sport and being able to pass on his experience of the industry to the growing number of younger trainers and potential owners.

"For me, I believe this position has come at the right time," he said.

"I am hopeful that I can be part of the continued growth of the industry and engagement with younger participants. I know with my own family and friends, many of whom had no knowledge or interest in greyhound racing, once they see success they want to get involved."

From an insider's view Bill says there is "definitely interest in greyhound racing" it's just a matter of harnessing that interest and spreading the message.

Taking care of business – a new look at Traralgon greyhounds

While plenty has been happening with the redevelopment of the Traralgon greyhound racetrack, quite a bit more has been happening behind the scenes.

With track redevelopment on schedule and trialling and racing likely to start in October, many of the unseen changes to the back end of operating a successful sporting and community facility have been powering ahead. And it's many of the "unseen" changes that will position Traralgon to be a force in Gippsland greyhound racing.

Among these intangibles is the club's community commitment and engagement where it provides Traralgon and surrounding clubs and organisations access to its new facilities for community activities.

Traralgon Greyhound Racing Club Manager, Steve Clarke, said the redevelopment of the track had provided the catalyst to make significant business restructuring moves which will go towards securing the club's future.

"As with any business there are a number of fixed costs over which you have little discretion," Steve said.

"It's more a matter of how you manage these that determines the success or otherwise of any business. And it is addressing these fixed costs that has given us the opportunities to implement significant savings.

"An example of this is our electricity bill of \$75,000 per year and then there is our water charges at \$28,000. Both services are essential to the operation of the business and are set by local government and other agencies, so we needed to find ways of reducing these costs. We needed to change the way the club was structured."

The redevelopment at Traralgon will see the introduction solar power and LED lighting, not just on the racetrack but throughout the entire complex. Instead of 24-hour a day refrigeration units, the club has installed a cool room to reduce power costs, with the installation of solar power providing significant reduction in the daytime cost of electricity.

"Greyhound Racing Victoria, its CEO Alan Clayton and TGRC Board have been extremely supportive of our efforts in this area and with the introduction of solar alone we are looking at reducing our electricity cost by about 35 per cent – that's a saving of about \$18,000 a year," Steve said.

"Part of our restructure was looking at ways the club better managed its funding from Greyhound Racing Victoria which could ultimately result in these monies being directed to other initiatives such as increased prize money and infrastructure upgrades.

"Over the next five years we plan to double our solar capacity and by doing that and reducing our power consumption we are hoping to be cost neutral with our daytime power costs. All up we could reduce our electricity costs by up to 75 per cent.

"And it's the same with water costs. We use a significant amount of water on race days for track safety and it's all town supply. By doubling the capacity of our on-site dam and being able to supplement our town supply usage we expect to be able to further reduce these fixed costs."

Then there is the community aspect of the new development. The Traralgon club has always been a host to a range of local sporting, social and school groups.

With the new upgraded facilities, the club has put a proposal to Latrobe City Council for a rate and rent reduction under the council's policy to give consideration to reductions by offsetting the club's community engagement.

The club has almost 30,000 people a year using its facilities on non-race days. Part of its community engagement will be the new super-size semaphore screen which will be made available as an outdoor cinema for community fund raising activities on non-race days.

As the days count down to its reopening, TGRC is looking to a winning future.

"J Curve" Charts Rise of New Traralgon Greyhound Track

The first single-turn greyhound racetrack in Australia is on course for completion in Traralgon by the end of the year – with majority funding contributed by the Andrews Labor Government.

Minister for Racing Martin Pakula confirmed a \$3 million investment from the Victorian Racing Industry Fund towards construction of the "J" track, with Greyhound Racing Victoria contributing \$2 million.

The "J" track design was developed following research by the University of Technology Sydney into risk management and extensive modelling on how to reduce physical stress on greyhounds during racing. It features one turn and a 300-metre straight.

The \$5 million Traralgon project also includes a pedestrian underpass and central access path for trainers, stewards and other participants, along with new lighting, irrigation and broadcast facilities. The works are creating around 200 jobs.

Prior to the closure of the old track, the Traralgon Greyhound Racing Club held 106 race meetings and 192 trials annually. Since 2014 the Labor Government has approved more than \$3.36 million to support infrastructure projects and race meetings at Traralgon Greyhound Racing Club.

The greyhound racing industry in Gippsland generates almost \$50 million for the economy and supports more than 420 full-time-equivalent jobs.

"It will be fantastic to see greyhound racing return to Traralgon on a track that breaks new ground in Australia. Animal welfare is paramount, and this is an innovation built on research and science."

Minister for Racing Martin Pakula

"Traralgon is a major greyhound racing centre, and across Gippsland the code supports hundreds of jobs. The new track will be a boon for trainers, owners and fans and a step forward for animal welfare."

Member for Eastern Victoria Harriet Shing

"The welfare of our dogs is paramount and we're grateful for the Government's support to re-establish racing in Traralgon. We look forward to seeing the completion of the new 'J' track."

Greyhound Racing Victoria chair Peita Duncan

"This project is a tremendous development for our greyhound community – it will improve the operating environment, enhance animal welfare and reduce operating costs. It's a winner all round."

Traralgon Greyhound Racing Club president Don Haley

New GRV funded desexing and dental scheme

The scheme offers funding for desexing and dental treatment of retired greyhounds.

For more information on eligibility and how to apply, please visit greyhoundcare.grv.org.au/rehoming/desexing-and-dental-scheme.

Desexing prior to rehoming is a requirement under the Code of Practice for the Keeping of Racing Greyhounds.

GREYHOUND WELFARE AND RE-HOMING REPORT

BY DR GAVIN GOBLE BVSC, GENERAL MANAGER, GREYHOUND WELFARE AND RE-HOMING

VACCINATIONS FOR GREYHOUNDS

The Code of Practice requires all greyhounds to have a current C5 vaccination. Please speak to your veterinarian about when your greyhounds are next due for a vaccination and ensure your Kennel Cough vaccine is up to date. Just a reminder that the vaccination requirements for acceptance into GAP are more specific, so please check with GRV if you are planning to get a vaccination for this purpose. These requirements are also on the GAP page of this magazine.

In addition to recording your greyhound's vaccinations in its Greyhound Record, please also provide GRV with copies of your vaccination certificates for GRV to upload into FastTrack so there is a permanent record. This is particularly important if you are considering, or are already, breeding from your greyhound. These vaccination certificates are required to keep the Pink Card active.

GRV's NEW Desexing and Dental Scheme

On 1 July 2021 GRV launched a new Desexing and Dental Scheme for retired greyhounds. The purpose of the scheme is to financially support participants to desex their greyhounds prior to rehoming to a third party or a community rehoming group; or after retirement as a pet to themselves or another participant. Desexing greyhounds prior to retirement is an important step in promoting adoption success and is a Code requirement when rehoming a greyhound into the community.

To be eligible for the scheme, a greyhound must:

- be retired on FastTrack as a pet to a Victorian-registered participant (e.g., Pet-Owner or Pet-Trainer); and
- currently reside with a Victorian-registered participant; and
- either have a last racing owner that was Victorian-registered or else have raced in Victoria for at least 3 months under a Victorian trainer.

Funding is available up to \$500 (incl GST) for a female (or cryptorchid male) or up to \$400 (incl GST) for a male greyhound towards a desexing and dental procedure at a Victorian veterinary clinic, payable directly to the veterinary clinic (GRV will issue a voucher to the veterinary clinic on application). If the greyhound has previously been desexed up to \$400 (incl GST) is available for dental-only treatment.

This exciting new initiative will promote the importance of greyhound wellbeing to the community and support participants in meeting their obligations under the Code of Practice. For more details on the scheme visit <https://greyhoundcare.grv.org.au/rehoming/desexing-and-dental-scheme/> or call Greyhound Welfare and Rehoming on 03 8329 1100.

Managing behaviour with enrichment

We have probably all experienced at some time situations where greyhounds, particularly those in a kennel environment, are behaving in a way that does not look normal. These abnormal behaviours are often repetitive and/or are displayed in places or ways they would not normally be seen; for example, pacing, yawning repetitively, pawing, chewing, pacing, bopping or barking excessively. Abnormal behaviours are often a sign a greyhound is stressed.

Stress can be both physical (your dog is injured or ill) or environmental (the environment is preventing your dog from displaying normal behaviours). Last month we wrote about Enrichment being essential for the mental health of greyhounds and supporting racing success. We provided some cheap and simple examples of enrichment in the kennel block; such as providing large raw bones, hiding food in objects, and playing the radio or soothing music.

In addition to these enrichment ideas, **small and regular variations to routine and environment are very effective in reducing boredom.** Simple changes can include:

- reversing feeding order once or twice a week,
- varying exercise and let out order,
- providing regular opportunities to leave the kennel and experience different environments (e.g., walks, trips to the track or trialling),
- meeting new people, and
- spending time with different compatible dogs.

Enrichment should reduce abnormal behaviours fairly quickly, however, you may not see them stop all together. This is because the behaviour, once it develops, becomes a coping mechanism for stress. This means that when your greyhound feels stressed, they may resort to this learnt behaviour until you can determine why they are stressed and take action to alleviate the stress.

I have one dog, Joe, who starts barking around 9.30am every day and continues to bark until he is placed in a day yard for the afternoon. He then barks in the evening as I feed all the dogs, but eventually settles into sleep at night around 8.00pm. In my kennels, I exercise all the dogs in groups of 2-4 between 5.30am and 6.30am. They are then all toileted as I clean the kennel block. The morning meal is given around 8.00am and three of my dogs are placed in day yards. I then head to work. I pop home at lunchtime and rotate the other three dogs out to the day yards, bringing the first group into the kennel block, before heading back to work for the afternoon. I toilet and feed between 6.00pm and 7.30pm placing all the dogs back in their kennels for the night. I turn the lights off in the kennel block and lock up before 8.00pm most nights.

Analysis

It is likely that Joe finds spending long periods of time in the kennel block during the day very frustrating. He is an active dog who is curious and happiest when he is free to wander around and sniff. He needs something to do when he is in his kennel or more free time.

Retraining Program

1. Alternate Joe's time in the day yard between morning and afternoon.
2. Alternate fresh bones and toys on rotation, for example a fresh bone day one and a toy on day two. Change the toy each time and consider treat balls filled with kibble twice a week, so as not to interfere with his race diet.
3. Start playing the radio in the kennel block all day to break up the silence for the greyhounds and to cover background noise that may trigger barking in reactive barkers. White noise CDs, classical music or commercial dog CDs can also be used for this purpose. It is important to note that some greyhounds who appear bored are instead over-aroused and simply don't know how to rest. These greyhounds need to be taught when to use their energy and when to rest, rather than being continually over-stimulated.
4. Try and spend a few extra minutes with Joe each day and provide him some free time out of the kennel and the day yard. Greyhounds like Joe often benefit from social enrichment such as playtime with another dog, or structured play with people, followed by a period of trained resting time.
5. Add some enrichment features to the day yards to reduce barking there as well.
6. Try the anti-barking reward chart to help reward Joe when he does not bark (see page 9).

Results

It took about 4-5 weeks for me to get our routine and program right, but Joe only barks now when I first come into the shed just two or three times as a greeting and then he settles down. When I come home at lunchtime, I spend five minutes with Joe patting and talking to him and I let him run around the kennel block with me until I am ready to leave for work, which is especially important on the days he is in the kennel block in the afternoon. I always put Joe out, even in rainy or bad weather, as he needs his time in the day yard. All the greyhounds are happier now and so are my family and my neighbours.

Is there something else wrong? While abnormal behaviour can be a sign of boredom, it can also indicate something else is wrong, particularly if there is a sudden change in behaviour. A trip to your veterinarian can rule out other causes of abnormal behaviour, such as illness or injury.

If enrichment does not result in an improvement in your greyhound's behaviour, you may also consider seeking help from a dog trainer or a veterinary behaviourist.

PROSECUTIONS OVERVIEW

Victorian Racing Tribunal

Ronald Winter – VRT Hearing 13 May 2021 – (GAR) 83(2), failed to present the greyhounds “Destini Trucker” free of any prohibited substance ‘Piroxicam’ for event at Cranbourne on 6 September 2020. Mr Winter pleaded ‘Guilty’. The VRT imposed a 1,500 fine, with \$500 suspended pending no further breach of GAR 83 in the next 24 mths. “Destini Trucker” was disqualified from the event.

Sharon Chignell – VRT Appeal 2021 – GAR 69B(1), the greyhound “William Rose” was charged with Fail To Chase at Sale on 30 April 2021. Ms Chignell pleaded ‘Not Guilty’. The VRT upheld the appeal.

Braden Finn – VRT Hearing 3 and 5 May 2021 – GAR83(2) (a), GAR79A(4), GAR83(2)(a) & GAR86(o), an Out of Competition Test taken from Mr Finn’s greyhound “More Deductions” on 15 April 2020 contained the Permanently Banned Prohibited Substances “Cocaine, Benzoyllecgonine and Ecgonine methyl ester”. Mr Finn failed to present the greyhound “Brace and Bits” free of the permanently banned prohibited substance “Benzoyllecgonine” for an event at Sale on 10 May 2020. Mr Finn pleaded ‘Not Guilty’ to charge 1 and ‘Guilty’ to charges 2 and 3. Charge 4 was withdrawn by GRV. The VRT dismissed charge 1 and imposed a 6-month suspension on charge 2, wholly suspended for 12 months. The VRT imposed an 18-month disqualification on charge 3,

with 6 months suspended for 24 months. “Brace and Bits” was disqualified from Race 7 at Sale on 10 May 2020.

Barbara Cheney – VRT Hearing 14 May 2021 – GAR106(1)(a), GAR106(1)(c), GAR106(1)(d), GAR106(2), GAR127(1), GAR127(6), GAR86(e), GAR86(f)(i), GAR86(p), LRR42.1 & LRR42.9(a), Between December 2019 and August 2020, Ms Cheney failed to prevent the unnecessary pain and suffering of greyhounds, kept greyhounds in dangerous and detrimental conditions, failed to comply with the lawful order of a Steward and failed to give evidence in an inquiry. Ms Cheney pleaded ‘Not Guilty’ to all charges. Charges 4 and 5 were withdrawn by GRV. The VRT dismissed charges 14, 15 and 16. The VRT imposed a total period of 9 years disqualification on the remaining charges, which was reduced to a 7-year disqualification to be served.

Simon Humphries – VRT Appeal, Stay Application 18 May 2021 – GAR86(q), On 2 March 2021, Mr Humphries engaged in conduct which was detrimental and prejudicial to the interest, welfare, image, and control of greyhound racing. Investigative Stewards imposed a 6-month suspension with 2 months suspended for 24 months and a \$500 fine and re-imposed a suspended 1-month suspension and \$250 fine. Mr Humphries advised the Tribunal that he did not want to proceed with the application. The VRT dismissed the stay application.

Jess Grima – VRT Hearing 18 May 2021 – GAR86(p) & GAR106(1)(d), Mr Grima failed to provide veterinary treatment to the greyhound ‘Max the Maniac’ within three days as ordered by Stewards at the Geelong Greyhound Racing Club on 14 February 2020. Mr Grima pleaded ‘Guilty’. The VRT imposed a \$500 fine on charge 1 and a \$2000 fine on charge 2.

Simon Humphries – VRT Appeal Hearing 26 May 2021 – GAR86(q), On 2 March 2021, Mr Humphries engaged in conduct which was detrimental and prejudicial to the interest, welfare, image, and control of greyhound racing. Investigative Stewards imposed a 6-month suspension with 2 months suspended for 24 months and a \$500 fine and re-imposed a suspended 1-month suspension and \$250 fine. The VRT upheld the appeal, imposing a 6-month suspension with 4 months suspended for 24 months and a \$500 fine. A suspended 1-month suspension and \$250 fine were also reactivated.

Victorian Civil and Administrative Tribunal

Alan Tharle – VCAT Hearing 14 May 2021 – GAR86(ah) & GAR86(d), GRV appealed the VRT’s decision to impose a 12-month suspension and a 6-month suspension served concurrently. VCAT varied the VRT’s decision, imposing a 12-month disqualification on charge 1 and a 6-month disqualification on charge 2, to be served concurrently.

UPCOMING GRV VIC BRED SERIES

GRV VIC BRED Series races are designed to promote and reward Victorian Bred Greyhounds. Each series is designed to give an equal opportunity to a variety of greyhounds, of similar grade and experience, a chance to compete for above average prizemoney.

GRV VIC BRED Series are open to Victorian Bred Greyhounds and all provincial finals carry a VICGREYS Bonus.

Listed here are when GRV VIC BRED Series commence during July and August 2021.

To assist participants with re-homing their greyhounds, spaces in the pre-entry assessment sessions are booked through Racing Services during office hours on **03 8329 1100** or by emailing **gapbooking@grv.org.au**.

All sessions for the next 2 months are listed on this page, with later dates released each month.

To be eligible for a pre-entry assessment your greyhound must:

- have a current C5 vaccination as per the specific GAP VACCINATION REQUIREMENTS described on this page given at least 10 days before the pre-entry assessment; and
- not have been trained, trialled or raced for at least one month (preferably two months) prior to the testing day ("wind-down period"). This will increase the likelihood of your greyhound passing the temperament test. The 'Racing to Retirement' information booklet is available through Racing Services or at: greyhoundcare.grv.org.au/retirement-from-racing.

Participants may be asked to provide a good quality, well fitted wire muzzle when entering a greyhound into GAP. Note: there is no fee for greyhounds being entered into GAP.

The principles of the GRV Hot Weather Policy also apply to days when greyhounds are accepted into GAP. For days when the temperature is forecast to be 32 degrees or above, entry sessions may be subject to a time change. For days when the temperature is forecast to be 38 degrees or above, entry sessions will be cancelled. GRV will notify participants by phone as soon as possible for all session changes and cancellations. Wherever possible, GRV will endeavour to replace cancelled sessions with new sessions in the local area.

GAP VACCINATION REQUIREMENTS

Your greyhound must have had the following vaccinations:

- Parvovirus, Distemper and Hepatitis (C3) within the last 2½ years (or within the last 1 year if the last C3 was given earlier than 12 months of age); and
- Kennel Cough (both Bordetella and Parainfluenza) within the last 6 months where the Bordetella component is given as an intra-nasal or oral vaccine.

The simplest method to achieve this is an injectable C3 vaccine plus the standard intra-nasal Kennel Cough vaccine.

Note the GAP vaccination requirements are more specific than a standard injectable C5 vaccination given annually. If you or your veterinarian have any questions on these requirements, please contact GRV.

Notice to Participants – Ehrlichia canis update

A domestic dog in Horsham has tested positive for ehrlichiosis – the first detection of this disease for an Australian-born dog in Victoria. The dog came from the Northern Territory where the disease is established. *E. canis* is an exotic and notifiable disease, spread by brown dog ticks, that has now been detected in all mainland states in the last 12 months.

It is important for participants to ensure effective tick prevention and control, to check their dogs regularly for ticks (particularly if travelled interstate), and to be aware of the symptoms of this disease to seek veterinary advice promptly.

Common signs of ehrlichiosis could include fever, lethargy, eye changes such as conjunctivitis, cloudy or red eyes; abnormal bleeding and swellings, small spots or bruising; and swellings on the body and limbs. *E. canis* can be diagnosed by a blood test from your veterinarian.

It is imperative to notify Agriculture Victoria of suspect cases immediately on the all-hours Emergency Animal Disease Watch Hotline 1800 675 888, and notify GRV here: grv.org.au/contact-us/

Further updates from Agriculture Victoria are available here: agriculture.vic.gov.au/biosecurity/animal-diseases/general-livestock-diseases/ehrlichiosis
