Monthly
Victoria

EDITOR-IN-CHIEF: ANDREW COPLEY
MANAGING EDITOR: PHIL WEIR

Greyhound Monthly Victoria (GMV) magazine is produced by Greyhound Racing Victoria (GRV), the governing body of greyhound racing in this state.

GRV strongly encourages all Victorian greyhound racing participants - in particular breeders and trainers - to take the time to read each issue of GMV to ensure they are across relevant key issues.

Each edition of GMV aims to provide an overview of key happenings in relation to Victorian greyhound racing that occurred during the previous month, as well as promoting significant and relevant upcoming activities and events.

It is GRV's goal to have each edition of Greyhound Monthly Victoria available on-line at grv.org.au on or before the last day of the previous month, and arriving in letter boxes by the 10th day of each month.

CEO's Update

As you will be aware, Greyhound Racing Victoria (GRV) and the Greyhound Owners, Trainers and Breeders Association of Victoria (GOTBA) have been in discussion over a range of issues including prizemoney, track maintenance and compliance procedures. Both GRV and GOTBA support the following directions: A thriving sport with more racing and career opportunities for more people and greyhounds at all levels. We also want a strong industry with a clear plan that will allow participants to invest with confidence in their future. And a respected code with the strong, transparent, and accountable welfare and integrity standards expected by the broader community.

It is in this spirit that we are achieving agreement on some key issues, particularly prizemoney. On Friday 27 August, GRV's Chair, Peita Duncan, announced that the GRV Board had signed off on a \$5.3 million increase in prizemoney for 2021-22. This means GRV has now committed to prizemoney of \$63.3 million directly for participants over this financial year, a record for any greyhound racing jurisdiction in the world. And the GRV Board will continue to review prizemoney status over the year to identify more potential opportunities to improve returns to participants.

The next step is in your hands. GRV is asking you to review several different options for how this \$5.3 million increase can be best shared among all participants via a Survey. You can find more details at www.grv.org.au/pm-survey. Copies of the Survey will be available at your local Club. For assistance with the Survey GRV's Participant Support Line (PSL) is ready to help. Contact the PSL on 1300 144 360 or send email to participants@grv.org.au. The survey will run until 8pm on Tuesday 7 September. The GRV Board will meet on 14 September to consider the structure of the final prize money package. Both GRV and GOTBA are pleased with this outcome following mediation and discussion and both parties are now expecting to have more productive discussions on other issues and how best to work together to help secure the sport's long-term future.

One example of the future of Victorian greyhound racing is now nearing completion, the Traralgon Greyhound Racing Club redevelopment. This six-million-dollar project is the single biggest undertaking by the sport in Victoria in decades and it will set new benchmarks for future investment in club infrastructure and safe racing. The track design and technology, like automated drop boxes, electric lures, and purpose-built LED lighting, will optimise racing safety. And the upgraded club facilities and super-sized semaphore screen will further strengthen the club as a community hub. Work has proceeded on schedule despite COVID 19. Over the next few weeks, the track sand will be laid down and all key equipment and systems tested. Then we can look forward to trials and a progressive opening prior to the commencement of the Gippsland Racing Carnival at the start of summer.

As a timely reminder of what our sport can achieve working together in the community, I'm very pleased to note that Victorian greyhound racing is prominently represented in the Community Clubs Victoria (CCV) 2019-20 Awards. There were more than 270 nominations across 26 categories from nearly 80 clubs this year, so it was a packed field. Among the finalists are the Sandown Greyhound Racing Club for Best Club Community Involvement and Sale Greyhound Club's Peter Johnston for Club Manager of the Year. And in the Best Social Inclusion Community Service category is the TAB Great Chase community program, the Red Dog campaign for bushfire support and the Blue Dog campaign for the Police Legacy Remembrance Fund. I congratulate everyone involved from Victoria's greyhound racing community and look forward to the Community Clubs Victoria Awards being announced on 2 October.

Finally, I again thank everyone for persevering through the current COVID 19 restrictions. Once again it has been a challenge, but we have kept our sport on track. Hopefully we can look forward to opening up for a late Spring and Summer of great racing.

Billy conquers all comers in Waterloo Cup

BY ANDREW COPLEY

A powerful come-from-behind performance saw All Inn Billy enter the history books by winning the 148th Waterloo Cup at Longwood.

His experienced trainer Tony Duncan labelled the victory as the biggest thrill of his career as his greyhound overpowered Kasemi (Kristie Collyer) to make it six unbeaten courses across the series.

“Who would have thought I’d be in this position a month ago,” an emotional Duncan said at day’s end.

“I’ve won a Presidents Cup at Horsham, Trainer of the Year at Shepperton and Greyhound of the Year at Shepperton, but this is extra special.”

Duncan said the powerful finish has become a key trait of his All Inn Billy’s armour.

“I took All Inn Billy coursing for the first time a few weeks ago and he managed to beat (reigning Waterloo Cup winner) Making Gravy, so I thought why not put him in the Waterloo Cup,” he said.

“Once he reaches the driver’s tower at Longwood, which is about three quarters of the way to the finish line, he finds another gear.”

Duncan, a semi-regular on the coursing circuit for more than a decade, gave All Inn Billy an easy week after day one of the 2021 Waterloo Cup last Sunday.

“He pulled up so well after the first day. The next day he was tearing around the paddocks at home and was ready to go again, but I gave him the week off and it paid dividends,” he said.

Based in Harston, Duncan breeds and trains the ‘All Inn’ greyhounds, with this particular litter – by Barcia Bale out of All Inn Amy – proving themselves to be very handy on the circle, including All Inn Billy, who has won 12 from 36 on TAB tracks.

“I said to dad very early on that I’d win \$100,000 with this litter, and I was right as they’ve won 50 races between them and over a hundred grand,” Duncan said.

“I’ve always trailed my dogs regularly at Longwood, but especially in recent months as my paddocks have been under water because we’ve had so much rain, so that could have worked in All Inn Billy’s favour today.”

All Inn Billy claimed a first prize of \$12,970 plus VicGreys Bonus, rug and replica trophy, while he’ll also have his name inscribed on the original Waterloo Cup silverware. Consolation events, the Waterloo Plate and Waterloo Purse were won by Orson Emmy and Hugo respectively.

Shepparton ticks the boxes with track safety

BY TONY HOMFRAY

Greyhound Racing Victoria's continual pursuit of safer racing across Victoria relies on a range of interrelated disciplines.

These encompass continued safe and improved track design, quality track maintenance and education and preparation of greyhounds.

To achieve the safest possible outcome, all of these must work concurrently to achieve the overall objective of reducing racing injuries as part of the GRV Safe Racing Program and commitment backed by a \$10m investment across the state.

One example of this integration is Shepparton Greyhound Racing Club.

Over a three-year period until 2019, Shepparton had racing injury statistics in the mid-40s per 1000 starters.

However, infrastructure and other interventions from 2018 to 2019 has seen this level reduced to 35 per 1000, making Shepparton one of the safest tracks in the State.

Among these improvements were an increase in track camber to reduce race turning injuries, improved track harrowing, increased track monitoring and water management and the introduction of roll-on starting boxes.

The introduction of these boxes was based on modelling undertaken by the University of Technology, Sydney at other tracks and is designed to reduce initial start clustering thereby reducing track injuries.

While the Shepparton Club has worked closely with GRV infrastructure in relation to the physical improvements to the track, club manager, Carl McGrath, believes other measures undertaken by the club have also impacted the reduction

of race injuries. These include the Shepparton track staff's willingness to adapt and respond to suggested changes.

Among the non-track changes is the introduction of a resident veterinary clinic at the track for up to three days a week.

Separate from the GRV race day veterinary oversight, and dealing exclusively with greyhounds, the Shepparton Greyhound Veterinary Clinic provides the local industry with a range of regular veterinary services as well as desexing services.

"Apart from providing basic veterinary services the clinic already offers dental work, x-rays and some surgeries and we see it as an additional participant service which greatly assists in animal welfare," Carl said.

"Because of this we have had a lot of positive comments from participants indicating that the dogs are racing more often and not suffering as many injuries."

He also believes that the introduction of free trialling has had a significant impact on reducing racing injuries.

"With the support of GRV we introduced free trialling for a six-month period with a view that it would ensure local trainers and breeders did not minimise race preparation," he said.

"It was so successful that it was extended for a further three months before GRV introduced it at venues across the state.

"I believe it has played a role in greyhound safety and welfare by providing participants with a benefit, both to them and their animal by encouraging them to trial before nomination."

So, combined with Shepparton's track team and GRV's racing team, improvement ideas are continually tested and implemented which ensures Shepparton ticks all the boxes in the continuing quest for safer racing.

GREYHOUND WELFARE AND RE-HOMING REPORT

BY DR GAVIN GOBLE BVSC, GENERAL MANAGER, GREYHOUND WELFARE AND RE-HOMING

VACCINATIONS FOR GREYHOUNDS

The Code of Practice requires all greyhounds to have a current C5 vaccination. Please speak to your veterinarian about when your greyhounds are next due for a vaccination and ensure your Kennel Cough vaccine is up to date. Just a reminder that the vaccination requirements for acceptance into GAP are more specific, so please check with GRV if you are planning to get a vaccination for this purpose. These requirements are also on the GAP page of this magazine.

In addition to recording your greyhound's vaccinations in its Greyhound Record, please also provide GRV with copies of your vaccination certificates for GRV to upload into FastTrack so there is a permanent record. This is particularly important if you are considering, or are already, breeding from your greyhound. These vaccination certificates are required to keep the Pink Card active.

GRV's Desexing and Dental Scheme

GRV's Desexing and Dental scheme launched on 1 July 2021 is working extremely well and has received close to 200 applications. GRV is working closely with applicants and veterinarians to ensure the application process is kept as simple as possible. If in doubt, please ring or email the welfare department for more information. Key points:

- While the scheme is set up for greyhounds being rehomed (including those booked into GAP), funding is also available for those being retained as pets by participants, regardless of when the greyhound was retired
- You can use any veterinary clinic in Victoria for the surgery; there is no approved list of clinics (so far over 30 clinics have taken part)
- While most invoices have so far come in under the GRV funding cap (\$500 for females; \$400 for males), it is a good idea to get an estimate of prices when you book your greyhound in, noting the most variable part will be the dental treatment
- Both the desexing and dental treatment must be certified by the veterinarian; however, the teeth only need to be done if they need doing; if in doubt please contact welfare before surgery
- If your greyhound has previously been desexed outside of the scheme, funding is still available for dental treatment

Visit <https://greyhoundcare.grv.org.au/rehoming/desexing-and-dental-scheme> for more information and application forms.

Surrendering greyhounds to a shelter

Surrendering a greyhound to a council pound is a breach of the greyhound Code of Practice. A council pound can either be a council-run facility or a facility run by another organisation (including an animal shelter) that contracts to the council. If a participant is considering surrendering a greyhound to a shelter (i.e. not a volunteer re-homing group) all racing connections they must check with each of their local councils to determine if that shelter is acting as the contracted pound to their municipality. For more information on retiring your greyhound to a shelter visit: <https://greyhoundcare.grv.org.au/retirement-from-racing/#shelters>

Electronic anti-barking collars – legal requirements in Victoria

The use of electronic anti-barking collars is highly restricted in Victoria. There are very specific laws under the Prevention of Cruelty to Animals Act 1986 and Prevention of Cruelty to Animals Regulations which govern who can use electronic collars on dogs, when and for how long.

Participants must not use electronic anti-barking collars on any dog. If you wish to utilise this tool to manage barking behaviour, please carefully read the information on the Animal Welfare Victoria Website and the Code of Practice for Training Dogs and Cats to Wear Electronic Collars; and contact Animal Welfare Victoria on 136 186 for more information.

Preparing for the fire season

Spring is a time for significant vegetation growth and ultimately increased fuel load. While it seems that the cold weather hasn't really left us, it won't be long before the temperatures begin to increase, and vegetation begins to dry out. Early preparation for the fire season will reduce risk. Now is the time to get your fire plans in order and avoid leaving things until the last minute:

- Prepare or review your fire plan, including evacuation options; if you choose to take your greyhounds with you, contact your local Municipal Council to find out which of their evacuation centres will allow animals and add the address and details to your plan.
- Ensure lawns are kept short and regularly slash long grass in surrounding paddocks, yards, kennel blocks and alongside slipping tracks etc.
- On bigger properties, a clearing of about 10 metres of well-mown grass around your home and kennel block is advisable.
- Remove piles of fine fuels such as leaves, as it will probably be where embers will land and cause spot fires.
- Empty gutters of leaves on your home, kennels and other buildings.
- Make sure trees on your property are healthy, ideally trimmed to 2 metres above the ground, with no dead limbs and no vegetation underneath them.
- Ensure your insurance is sufficient and current.

More information can be found at <https://greyhoundcare.grv.org.au/health-and-well-being/emergency-planning/> and a comprehensive check list can help you prepare https://greyhoundcare.grv.org.au/wp-content/uploads/2017/11/Animal_Welfare_Emergency_Planning_Checklist.pdf. The Department of Agriculture also has some excellent resources and advice on preparing your property and how to manage pets, horses and livestock during fires. To assist participants with re-homing their greyhounds, spaces in the pre-entry assessment sessions are booked through Racing Services during office hours on **03 8329 1100** or by emailing **gapbooking@grv.org.au**.

All sessions for the next 2 months are listed on this page, with later dates released each month.

To be eligible for a pre-entry assessment your greyhound must:

- have a current C5 vaccination as per the specific GAP VACCINATION REQUIREMENTS described on this page given at least 10 days before the pre-entry assessment; and
- not have been trained, trialled or raced for at least one month (preferably two months) prior to the testing day (“wind-down period”). This will increase the likelihood of your greyhound passing the temperament test. The ‘Racing to Retirement’ information booklet is available through Racing Services or at: greyhoundcare.grv.org.au/retirement-from-racing.

Participants may be asked to provide a good quality, well fitted wire muzzle when entering a greyhound into GAP. Note: there is no fee for greyhounds being entered into GAP.

The principles of the GRV Hot Weather Policy also apply to days when greyhounds are accepted into GAP. For days when the temperature is forecast to be 32 degrees or above, entry sessions may be subject to a time change. For days when the temperature is forecast to be 38 degrees or above, entry sessions will be cancelled. GRV will notify participants by phone as soon as possible for all session changes and cancellations. Wherever possible, GRV will endeavour to replace cancelled sessions with new sessions in the local area.

GAP VACCINATION REQUIREMENTS

Your greyhound must have had the following vaccinations:

- Parvovirus, Distemper and Hepatitis (C3) within the last 2½ years (or within the last 1 year if the last C3 was given earlier than 12 months of age); and
- Kennel Cough (both Bordetella and Parainfluenza) within the last 6 months where the Bordetella component is given as an intra-nasal or oral vaccine.

The simplest method to achieve this is an injectable C3 vaccine plus the standard intra-nasal Kennel Cough vaccine.

Note the GAP vaccination requirements are more specific than a standard injectable C5 vaccination given annually. If you or your veterinarian have any questions on these requirements, please contact GRV.
