Victoria

EDITOR-IN-CHIEF: ANDREW COPLEY
MANAGING EDITOR: PHIL WEIR

Greyhound Monthly Victoria (GMV) magazine is produced by Greyhound Racing Victoria (GRV), the governing body of greyhound racing in this state.

GRV strongly encourages all Victorian greyhound racing participants - in particular breeders and trainers - to take the time to read each issue of GMV to ensure they are across relevant key issues.

Each edition of GMV aims to provide an overview of key happenings in relation to Victorian greyhound racing that occurred during the previous month, as well as promoting significant and relevant upcoming activities and events.

It is GRV's goal to have each edition of Greyhound Monthly Victoria available on-line at grv.org.au on or before the last day of the previous month, and arriving in letter boxes by the 10th day of each month.

CEO's Update

Firstly, I'd like to congratulate all the winners at the 2021 Victorian Greyhound Awards and thank the thousands of people who watched it live on 19 September and over following days. I also thank the members of the award committees, made up of members including GCV, Clubs, GOTBA, as well as media partners, who had the difficult task of selecting the awardees which then went to the GRV Board for finalising. The winners were all very popular choices, not least Cynthia O'Brien for her very well deserved GRV Board Leadership Award. Cynthia is Victoria's ambassador for Straight Track Racing and a great advocate for our sport.

Looking ahead, the new prize money package is now in effect as October 1. Close to 2000 participants told GRV their preferred options and I thank you all for your input. Prize money allocation now includes a 12 percent increase to Metro and Provincial base prize money, fourth place payments and upgrades some meetings from level 3 to Level 2 status. This takes the total 2021-22 prize money committed to date to a record \$63.3 million, the world's largest greyhound racing prize money pool. And the GRV Board will continue to review prize money every quarter to best match revenue and distribution outcomes.

Turning now to the tracks themselves, work on the new Traralgon track has been delayed due to COVID-19 construction and regional restrictions. It is now anticipated the track will be ready for trialling and then racing from late November. All the science and technology research and learnings from the Traralgon and Horsham track developments will continue to be applied across all Victorian tracks as we work to optimise safe racing across the State. As part of this safe racing focus, the annual review of club safety issues has now been completed and reports provided to each club. GRV's safe racing team will be meeting with club and track managers and their teams over October to hear each club's perspective on these safety issues and to discuss the next steps in resolving them.

An example of how this safe racing approach is delivering better outcomes is at Shepparton Greyhound Racing Club where track improvements over the last few years have now reduced racing injuries by nearly a quarter. And, as part of GRV's Safe Racing Program, a new Certificate III in Racing Services (Track Maintenance), is being developed in partnership with the Bendigo Harness Racing Industry Training Centre for launch in early 2023. The program will provide both trainees and current club track curation team members with formal accreditation and a career pathway.

Another GRV initiative I'd like to highlight here is the Desexing and Dental scheme. The scheme financially supports desexing and dental treatment for retiring greyhounds. And if the greyhound is already desexed, funding is available for dental treatment only. The scheme has already approved more than 300 applications in its first three months and you can find out more and apply at: greyhoundcare.grv.org.au/rehoming/desexing-and-dental-scheme.

Finally, once again, I thank everyone for their patience and commitment to the sport over what is still a very challenging time. However, I think we can look forward now to warmer weather, easing restrictions and a very full racing calendar for this spring and summer. Stay safe, stay racing.

How the race was won: A 'most effectual' distance prospect, Gypsy Wyong claimed a \$25,000 first prize with a classy 42.56sec frontrunning exhibition at only her second staying start. With the benefit of a second place to Jeff Britton-trained Hank The Hustler in the previous week's heat, Gypsy Wyong turned 'swindler' on Hank The Hustler (\$3.40) who rattled home to finish second in the final. The Samantha Grenfell-trained Knicks Bale (\$12.20) was a further 0.7L away in third place. Gypsy Wyong notched her 11th win from 19 starts, including five of her past eight. She also made it six from seven exiting box 2. Jeff Britton received some consolation due to the scratching of pre-post favourite Mepunga Ruby – a winner of 10 of her previous 13 starts – as Hank The Hustler snared \$7000 for finishing second.

He sprinted to the front with a 6.42sec first split and dominating proceedings as he defeated the strong-finishing Tiggerlong Tonk by 2.67 lengths in a flying 18.88sec. In addition to the \$50,000 Cup winner's purse, Ferdinand Boy was also the recipient of a \$50,000 bonus for winning three Victorian country cups in a calendar year, having reigned supreme at Ballarat and Shepparton earlier in the year. Ferdinand Boy took his record to a remarkable 28 wins from 50 starts, with his commanding Healesville victory and the monster bonus taking his career earnings to \$398,134.

A Ballarat “homecoming” for Jodie

When Jodie Faralla was recently appointed manager of the Ballarat Greyhound Racing Club she felt like she was “coming home.”

For Jodie, the appointment in August this year, brought back a flood of childhood memories.

Some of her earliest childhood “fun times” were spent at the Ballarat track where her father, Ron Hood, was Secretary/Manager from 1978 to 1990.

However, since her early days at Ballarat her life has taken many twists and turns.

But she has fond memories of being around the club as a teenager then moving to roles in the office, which included “phoning race results to AAP” – the national news service provider.

She then had roles in administration and the on-course tote while all the time working as a penciller with some of Victoria’s “name” bookmakers. Her work with the bookies took her across the state covering gallops, harness and greyhound events.

Jodie’s entire working life has revolved around racing. After leaving school and Ballarat she moved to Melbourne and took on a position at Tabcorp where she had numerous roles including race-day operations manager, a position which controls all betting.

Then for the past 15 years she has been at the coalface of the industry as a small business operator running a number of TAB betting outlets, most recently at Campbellfield and Belmont in Geelong.

All of that experience holds her in good stead for her current position as one of only two women managing Victoria’s 13 greyhound racing clubs – the other being Healesville manager, Cynthia O’Brien, who this year won the GRV Board Leadership Award in the Victorian Greyhound Awards.

As Jodie faces the challenges of her new role, a club that has recently emerged from administration and facing on-going COVID constraints, her first objective is engagement and participation.

“My vision for the club is ‘Ballarat greyhounds where people love to work, race and participate,’” Jodie said.

“There has been a level of disconnect between the club and some of the traditional supporters. One of the great things about greyhound racing is that people, including several members of my family, have dedicated their whole lives to it – they are invested in the place and now second and third generations of families are coming along.

“I see it as my role to bring my team of staff, the Committee and the club members closer together and for everyone to be working towards what is really important, the on-going success of the club.”

Jodie wants to invite the people of Ballarat to get involved, enjoy the racing and develop a whole new community of greyhound supporters

More importantly, Jodie’s most immediate objective is improvements to infrastructure. With the club’s “fantastic” facilities for patrons already in place, it’s time to upgrade the original kennelling facilities and carparking to 21st century industry standards. – Tony Homfray

Shima Shine crowned Victorian Greyhound of the Year

BY GERARD GUTHRIE

Champion sprinter Shima Shine was crowned the Victorian Greyhound of the Year on 19 September, with the event held 'virtually' for the second consecutive year.

A dual Group 1 winner, Shima Shine was adjudged the best performed Victorian greyhound by the Greyhound of the Year panel for performances for the 2021 Racing Year (1 July 2020 - 30 June 2021).

Trained by Andrea Dailly, Shima Shine beat an array of top class greyhounds including Christo Bale, Hard Style Rico, Houdini Boy, Simon Told Helen, Tiggerlong Tonk and Zipping Rambo.

"To tell you the truth, I'm quite speechless and I'm very emotional," said David Gleeson, who bred and owns Shima Shine in conjunction with friend Bob Cummings.

"It's beyond words. It's a thrill beyond a thrill.

"To win something like this, not in my wildest dreams did I ever think he'd be in a position to get an award of this magnitude.

"It would be without a doubt the biggest thrill I've ever had in racing. Just sensational. I'm so pleased and humbled by it."

Shima Shine was also anointed the Victorian Sprinter of the Year, while Houdini Boy was judged the Victorian Stayer of the Year.

Locals get \$30,000 boost from Sale Greyhound Racing

Sale Greyhound Racing Club has this year donated more than \$30,000 to local organisations through its Community Grants Chest.

Among the successful applications was Briagolong Primary School which used the grant money of \$2000 to fund a new Gaga Pit.

The pit, which is based on an octagon shaped USA recreational concept where players start in a "pit", hitting and rolling a ball with their hand to eliminate other players, was a school student action initiative.

Brigalong Primary School Principal, Mark Donald said after coming across a Gaga Pit on school camp last year, the school Student Action Team had been on a mission to raise funds for a pit of their own.

"Multiple student fundraisers were held, including Winter Warmers and Casual Clothes Days, but without the help of the SGRC Community Chest, we would still be trying to raise the funds," Mark Donald said

"It was exciting to watch the students oversee the building of the pit and take part in their first Gaga game.

"It's a huge thank you to the Sale Greyhound Community Chest for making this possible."

Another happy group which was successful in its application was Gippsland Lakes Roller Derby which benefitted from new skate gear with the funds.

This year a total of \$30,361 awarded to 10 groups:

- The Scout Association
- Stratford Cricket Club
- Rosedale & Dist. Historical Society
- Heyfield Vintage Machinery Group
- Heyfield Bowls Club
- Maffra Cricket Club
- Boisdale Briagolong Junior Football Netball Club
- Gippsland Lakes Roller Derby

Bronwyn Welsh: Taking advantage of the Desexing and Dental Scheme.

BY PHIL WEIR

GRV's number one priority is the welfare of our greyhounds, both in the industry and in the community. To support participant rehoming efforts, compliance with desexing requirements, and overall greyhound health in retirement, GRV launched a Desexing and Dental Scheme in July, providing funding towards the cost of desexing and dental treatment for retiring and retired pet greyhounds.

The announcement the scheme was music to the ears of Mildura hobby trainer Bronwyn Welsh, who has three retired sisters who were prime candidates.

The three girls are bona-fide family members. "We've had dogs since they were pups. We kept them racing into the veterans because they really enjoy the track, but I don't like to keep them racing while they get on."

Bronwyn wrote to GRV to express her appreciation. "These three old girls are now over 5 years of age and only finished racing in the last 12 months. I have been involved with them since puppies and never imagined that I would ultimately race and own them in the twilight of their careers."

"Their combined race record includes 34 wins and 95 overall placings with \$55,000 in prize money. Quite modest for some trainers but exciting for regional trainers. They've earned their comfy retirement and again my thanks for assisting in giving them a happy, healthy retirement."

"We didn't plan to breed, but one of the girls, Serene Machine (Banjo Boy x Rustic Reeta) had a small litter so now we have four beautiful pups. They're all desexed now, so that worked out well. Accolades to GRV coming up with these programmes. They will definitely extend the greyhound's lives."

Bronwyn's background in the sport goes back to her teenage years, albeit with a fairly long break in between. "I was involved with greyhounds as a kid, about 11 or 12, helping out the secretary in some regional tracks as an office girl and got involved in training into my twenties. I fell in love with the breed, but then there was a bit of a layoff – for 38 years!"

"In the past ten years I decided to get my licence again. There's a great photo of my 1978 winner Mr. Corvette and my 2018 winner Glory Fire. 40 years between winners!"

Glory Fire retired in 2020, but Bronwyn's 'Big Boy' Black Kruger (Banjo Boy x Tahlo) keeps them attending the race meetings every couple of weeks. "We travel a fair way. Horsham is our closest track, and that's about an eight hour round trip, but we do get to Shepparton, Ballarat and Bendigo but they're overnight trips."

"We're just hobby trainers. I reckon there's still a place for hobby trainers. We're also doing a lot in the community here in Mildura. People are always asking questions about the

dogs, so we get to talk about the breed and the racing quite a lot."

Bronwyn, and her husband Greg, also run a behavioural clinic for dogs, drawing on her 38 years of experience as a veterinary nurse. She retired from the vet two years ago to concentrate on the clinic. "We get 80 to 100 dogs here every week for behaviour training, and I do dangerous dog assessments for NSW authorities, so the home job just grew out of proportion."

"I love working with the dogs every day as my day job, but my passion is still for the greyhounds."

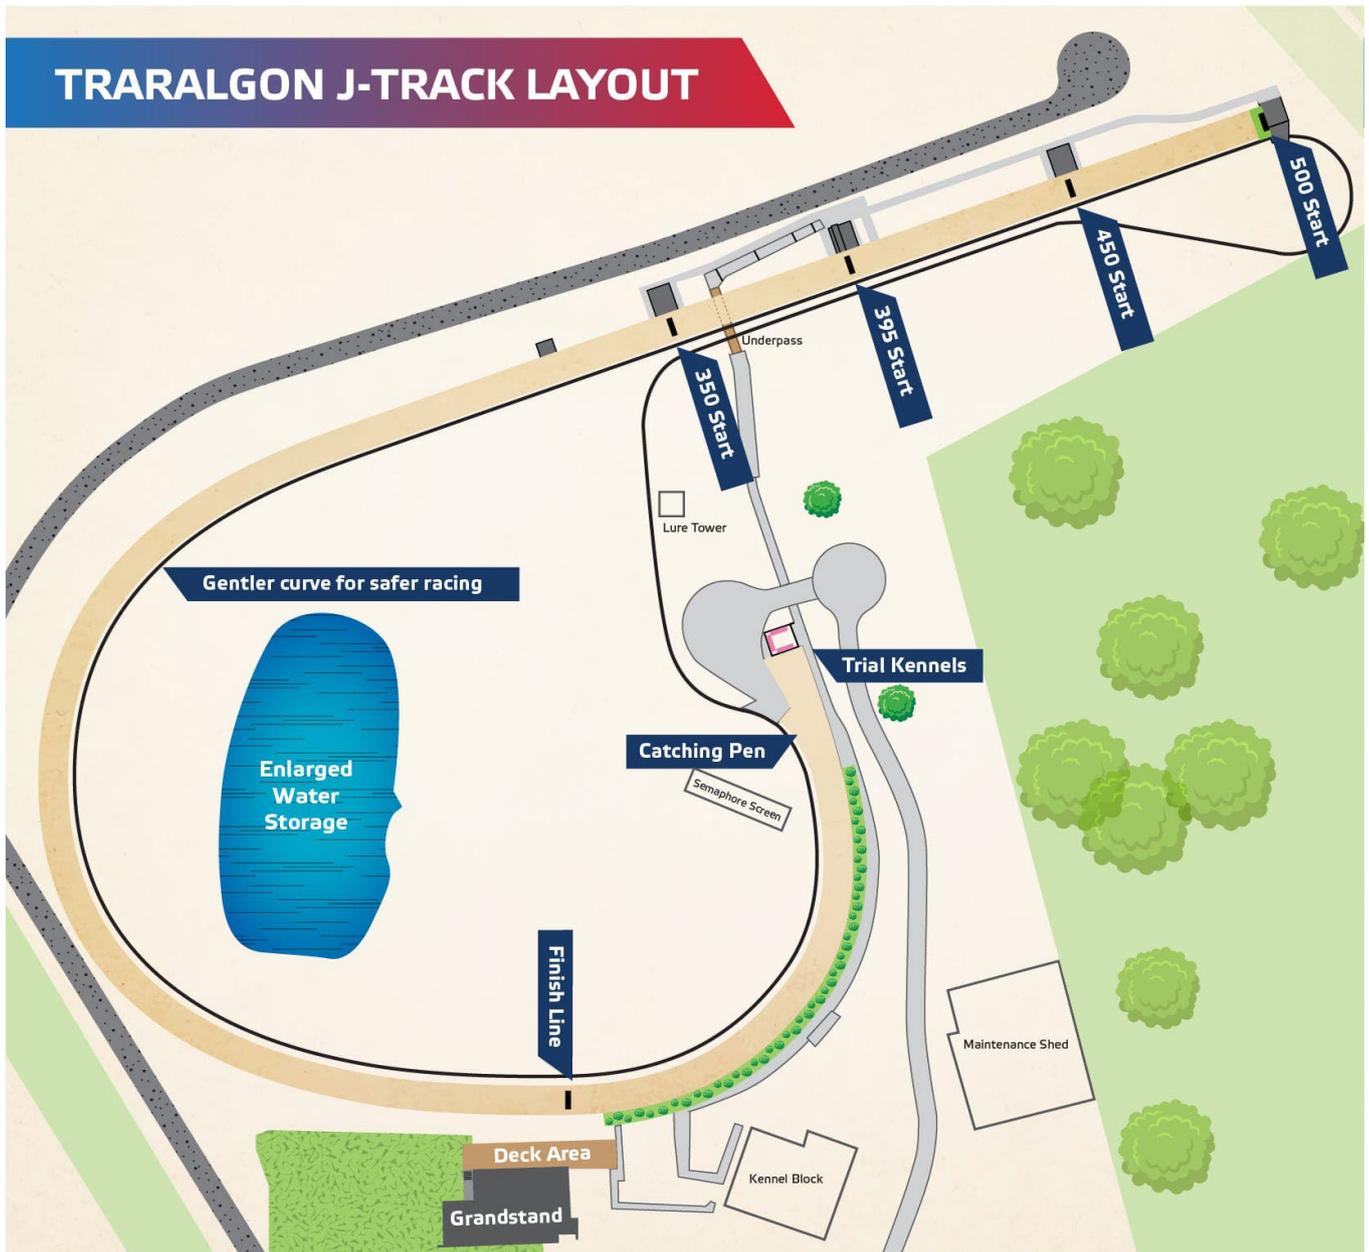

Pawnote: From 52 starts, Black Kruger has amassed 23 wins, at tracks as far afield as Murray Bridge, Warrnambool, Bendigo, Gawler, Angle Park, Shepparton, Horsham, and Ballarat. Glory Fire, in her 71 starts for 12 wins, could add Dapto, Healesville, Richmond, Nowra and Wentworth Park to that list!

Bronwyn with her two winners 40 years apart – Mr Corvette and Glory Fire.

Greg Welsh with their three girls, Serene Machine, Prophetess and Glory Fire (Banjo Boy x Rustic Reeta).

Traralgon's J-Curve – the risk is all in the science

BY TONY HOMFRAY

Increasingly as a society we are being urged to “believe the science” – whether it be climate change or Covid-19 vaccinations.

But there is no more evidence of the belief in science than Greyhound Racing Victoria’s commitment to racing safety and welfare with its world-first, J-Curve track at Traralgon.

When the first greyhounds chase the battery-powered lure around the new track later this year, the punters will not know how much detail has gone on behind the scenes of this unique track.

In 2018 GRV and the Traralgon Greyhound Racing Club closed the track indefinitely after a detailed investigation found on-going drainage issues. Multiple designs were developed with the aim of building the safest possible track.

That’s where Professor David Eager and his team of biomechanical specialists from the University of Technology Sydney (UTS) came in.

David Eager is Professor of Risk Management and Injury Prevention at UTS. He is also an internationally recognised expert on the safety aspects of trampolines, playgrounds, play surfacing, and sports and recreation equipment.

Prof. Eager’s world is all about risk – that is the analysis, evaluation and assessment of risk.

“There is risk in everything from AFL football, children’s playgrounds, finance and banking and greyhounds,” Prof. Eager said.

“But the outcome is all about the tolerability to risk.”

Prof. Eager first got involved in the greyhound industry when, in 2015 he was invited to submit a submission for a grant to study the safety and welfare of greyhounds.

It is over those years that he and his team have built computer models, using Artificial Intelligence, to simulate racing dogs and the dynamic effects such as race congestion on various track configurations.

In particular, the forces the greyhounds experience as they accelerate from 0-70 kms/ph in less than one hundred metres.

To build these models, Prof. Eager has used the university resources from different engineering disciplines to achieve optimum safety.

And it's the use of these many disciplines which combine to enable track surfaces and sweeping bends, such as Traralgon, to develop peak racing surfaces.

"An example of this was early in our modelling we needed a way of interpreting the forces impacting racing greyhounds and calibrating our tracking device," Prof. Eager said.

"We needed to calibrate the sensors we placed in the racing jackets of the dogs to analyse the acceleration pulses when the dogs' paws hit the ground. So, I called on the resources of a civil engineering colleague to assist in the task.

"We attached the sensors to a greyhound at the track and then measured the physical position of every paw imprint to correlate them with the sensor spikes. That's just a small, but critical part of our simulation model."

And so, the model evolved.

"While it has evolved over five and a half years, it is built on very strong foundations. It's not something you can just make up on a whim or a random concept – there is a lot of computer science underpinned by biomechanical engineering behind it."

Then there is a matter of empathy with the sport.

While Prof. Eager was chosen for his expertise in children's playgrounds and amusement parks and the safety aspect of impacts from falls and acceleration on roller coasters, it came as somewhat of a surprise to him that anyone involved in animal research had to do an ethics course.

"Our research was all about saving the lives and reducing the injury rates of greyhounds," he said.

Prof. Eager and his entire team completed and passed the animal ethics course conducted by The University of Sydney's Animal Ethics Committee before engaging in the greyhound research.

So, after all the work and modelling is Prof. Eager confident of a successful Traralgon project?

"You bet I am – I have a lot riding on this design," he said.

"In engineering we talk about the benefit of risk and not all risk is negative. This is an example of positive risk. Just as Christopher Columbus and Neil Armstrong did before us – GRV has taken a positive risk by getting behind this design.

"I am confident that GRV and the participants won't be sorry."

Gamble Responsibly.

GREYHOUND WELFARE AND RE-HOMING REPORT

BY DR GAVIN GOBLE BVSC, GENERAL MANAGER, GREYHOUND WELFARE AND RE-HOMING

VACCINATIONS FOR GREYHOUNDS

The Code of Practice requires all greyhounds to have a current C5 vaccination. Please speak to your veterinarian about when your greyhounds are next due for a vaccination and ensure your Kennel Cough vaccine is up to date. Just a reminder that the vaccination requirements for acceptance into GAP are more specific, so please check with GRV if you are planning to get a vaccination for this purpose. These requirements are also on the GAP page of this magazine.

In addition to recording your greyhound's vaccinations in its Greyhound Record, please also provide GRV with copies of your vaccination certificates for GRV to upload into FastTrack so there is a permanent record. This is particularly important if you are considering, or are already, breeding from your greyhound. These vaccination certificates are required to keep the Pink Card active.

GRV's Desexing and Dental Scheme

GRV's Desexing and Dental scheme launched on 1 July 2021 has approved more than 300 applications.

While it is going extremely well, it is critical to point out that the scheme requires the dental treatment to be done at the same time (unless the teeth are already in good condition). If the teeth need a lot of work, you will need to discuss this (and the likely costs) with the veterinarian before they start surgery - please do not proceed with just the desexing without attending to the teeth. If in doubt ring GRV to discuss first.

The other important point is that the scheme is for greyhounds either retired as a pet to a participant or before the greyhound is rehomed to a member of the public. Once rehomed into the community the greyhound will no longer be eligible as it is critical that they are desexed prior to rehoming.

Visit <https://greyhoundcare.grv.org.au/rehoming/desexing-and-dental-scheme> for more information and application forms.

Surrendering greyhounds to a shelter

Surrendering a greyhound to a council pound is a breach of the Code of Practice for the Keeping of Racing Greyhounds. A council pound can either be a council-run facility or a facility run by another organisation (including an animal shelter) that contracts to the council. If a participant is considering surrendering a greyhound to a shelter (i.e. not a volunteer re-homing group) all racing connections they must check with each of their local councils to determine if that shelter is acting as the contracted pound to their municipality. For more information on retiring your greyhound to a shelter visit: <https://greyhoundcare.grv.org.au/retirement-from-racing/#shelters>.

Fire season is coming – get prepared

With the advent of the beautiful spring weather over the past month, it is time to turn your thoughts to the coming summer. Weather forecasting is predicting a wet late spring into early summer, so it is important to keep on top of vegetation growth around all buildings, tanks and other property assets. Now is the time to get your fire plans in order and avoid leaving things until the last minute. Start getting your property ready:

- Prepare or review your fire plan, including evacuation options; if you choose to take your greyhounds with you, contact your local Municipal Council to find out which of their evacuation centres will allow animals and add the address and details to your plan
- Remove doormats from around the house and kennel areas
- Move combustible outdoor furniture and other items from decks, up against, or under the home or your kennel area
- Move pot plants a few metres from the home or kennel area
- Double check that gas bottles are anchored securely with the relief valves pointing away from any flammable materials
- Ensure grass in surrounding paddocks, yards, alongside slipping tracks etc is no taller than 50mm
- On bigger properties, a clearing of about 10 metres of well-mown grass (no taller than 50mm) around your home and kennel block is advisable
- Walk around your home and remove piles of fine fuels such as leaves, twigs and bark from trees; embers landing in these fine fuels will create spot fires
- Check your gutters to make sure leaves haven't built up – check your home, kennels and other shedding
- Make sure you remove any fuels from around windows and doors; these are the most vulnerable parts of the home and kennel area
- Make sure trees on your property are healthy with no dead limbs and no vegetation underneath them
- Ensure your insurance is sufficient and current
- Prepare a greyhound evacuation kit, including, leads, muzzles, bedding, first aid kit, necessary medications, food and water bowls, 3 days of dry food and bottles of water; keep the kit in a central location so it can be quickly loaded into your car
- If you have transport crates, ensure they are clean, in good working order and easy to access
- Practise your emergency evacuation plan at least once before the hot, dry weather arrives

Visit <https://greyhoundcare.grv.org.au/hot-weather/> for more information and download our emergency planning checklist to help you https://greyhoundcare.grv.org.au/wp-content/uploads/2017/11/Animal_Welfare_Emergency_Planning_Checklist.pdf

To assist participants with re-homing their greyhounds, spaces in the pre-entry assessment sessions are booked through Racing Services during office hours on **03 8329 1100** or by emailing **gapbooking@grv.org.au**.

All sessions for the next 2 months are listed on this page, with later dates released each month.

To be eligible for a pre-entry assessment your greyhound must:

- have a current C5 vaccination as per the specific GAP VACCINATION REQUIREMENTS described on this page given at least 10 days before the pre-entry assessment; and
- not have been trained, trialled or raced for at least one month (preferably two months) prior to the testing day (“wind-down period”). This will increase the likelihood of your greyhound passing the temperament test. The ‘Racing to Retirement’ information booklet is available through Racing Services or at: greyhoundcare.grv.org.au/retirement-from-racing.

Participants may be asked to provide a good quality, well fitted wire muzzle when entering a greyhound into GAP. Note: there is no fee for greyhounds being entered into GAP.

The principles of the GRV Hot Weather Policy also apply to days when greyhounds are accepted into GAP. For days when the temperature is forecast to be 32 degrees or above, entry sessions may be subject to a time change. For days when the temperature is forecast to be 38 degrees or above, entry sessions will be cancelled. GRV will notify participants by phone as soon as possible for all session changes and cancellations. Wherever possible, GRV will endeavour to replace cancelled sessions with new sessions in the local area.

GAP VACCINATION REQUIREMENTS

Your greyhound must have had the following vaccinations:

- Parvovirus, Distemper and Hepatitis (C3) within the last 2½ years (or within the last 1 year if the last C3 was given earlier than 12 months of age); and
- Kennel Cough (both Bordetella and Parainfluenza) within the last 6 months where the Bordetella component is given as an intra-nasal or oral vaccine.

The simplest method to achieve this is an injectable C3 vaccine plus the standard intra-nasal Kennel Cough vaccine.

Note the GAP vaccination requirements are more specific than a standard injectable C5 vaccination given annually. If you or your veterinarian have any questions on these requirements, please contact GRV.
