## THE SELECTION CRITERIA - Temlee, Rookie Rebel & Zoom Top

The MGRA aims to assemble the best quality field of 8 greyhounds, where in the opinion of the selection panel, all runners have a realistic chance of winning the race. Given the subjective nature of form assessment, the metrics to be considered are deliberately broad, to allow the panel full discretion to compile the field. These metrics include, but are not limited to the following:

- Career record
- Group and metropolitan racing performances
- Recent form
- Winning times
- Record at The Meadows

Additionally, the panel can consider non-form metrics such as whether a greyhound's inclusion adds to the promotion of the event and the sport in general.
