Information is produced by Isolynx tracking system. While the data is expected to be accurate there are occasional errors. Best efforts are made to flag these errors. Data may vary between tracks and distances. The system continues to be worked on. Times may vary to official times listed on FastTrack due to the tracking units located between a greyhound's back and neck. Isolynx times are not official and have no impact on results. All questions and feedback encouraged - racedata@grv.org.au
